Schebler Heating and Air Delivers Top HVAC Services in Davenport, IA with Century-Long Trust

June 30, 2025

Riverdale, Iowa - June 30, 2025 -
Schebler Heating and Air is excited to keep offering their wide range of HVAC services to people living in Davenport, IA. Having been established in 1895, the company stands out for its experience and trustworthiness in both residential and commercial services. They provide various heating and cooling solutions, improve indoor air quality, and offer their special Platinum Customer Program, which focuses on regular maintenance and top-notch customer service.

Lance McDanel, a spokesperson from Schebler Heating and Air, expressed, "For over a century, we've dedicated ourselves to meeting the HVAC needs of our community with unwavering commitment. We understand the importance of efficient heating and cooling systems, and our experienced team is always ready to serve Davenport residents with both emergency and routine services."

Heating services are a major part of Schebler's offerings. They work on installing, maintaining, and repairing different systems like boilers, ductless mini-splits, and geothermal heat pumps. Their expertise helps ensure homes stay warm and energy-efficient even during the coldest winters. They provide emergency heating services 24/7, so Davenport residents can feel secure all year long.

For cooling needs, Schebler Heating and Air provides extensive services too. They handle air conditioning repairs, installations, and tune-ups. Homeowners can also look into ductless mini-splits and geothermal heat pump installations. The company focuses on making sure every solution is efficient and affordable. Their 24-hour emergency services mean prompt attention to urgent repairs, keeping residents comfortable during even the hottest days.

Improving indoor air quality is another key area for Schebler. They offer products like air cleaners, purifiers, and humidifiers to keep the air in homes and businesses fresh and healthy. This is especially important during seasons when indoor air quality might naturally decline, helping create a healthier living environment all year round.

Commercial clients have a lot to gain from Schebler's expertise as well. The company customizes their HVAC services for business needs, ensuring effective system performance that helps keep business operations running smoothly. Long-term partnerships with local businesses show how reliable and dedicated Schebler is to their commercial clients.

Lance McDanel added, "Our commercial customers rely on us not just for service, but for trust. It's not just about quick fixes; it's about ensuring their comfort and business continuity with minimal disruption."

The Platinum Customer Program is a highlight at Schebler Heating and Air, offering members priority service, discounts, and routine maintenance. As a Davenport local HVAC company, this program helps strengthen customer loyalty and extend the life of HVAC systems for community members.

To help Davenport residents access their services more easily, Schebler has introduced several financing options. This means people can afford essential HVAC upgrades without having to pay everything upfront, making it easier for anyone in the community to improve their comfort and HVAC efficiency.

Bringing both historic experience and innovative solutions, Schebler Heating and Air presents Davenport IA HVAC Services with a dedication to community-focused and practical service offerings. Being the oldest Carrier Factory Authorized Dealer in the Oak Cities area, they continue to combine their expertise with a strong commitment to serving the community. Whether it's for a new installation or an emergency repair, quality remains their top priority.

With a vast understanding of HVAC systems, a complete range of services, and a firm dedication to residents, Schebler Heating and Air stays a leading option among the Davenport Local HVAC Company

choices. Their commitment to providing outstanding service speaks volumes about their dedication to ensuring comfort and reliability for the community.
