CHARLOTTE, NC ? April 28, 2025 ? Jonathan S. Kulbersh, MD, a distinguished double board-certified facial plastic surgeon and founder of Carolina Facial Plastics in Charlotte, North Carolina, has once again earned the prestigious title of Castle Connolly Top Doctor in Facial Plastic Surgery for 2025. This marks the fourth consecutive year that Dr. Kulbersh has received this national honor, reinforcing his standing as a leader in the field of facial aesthetics.

The Castle Connolly Top Doctor designation is awarded to a select group of physicians across the United States who exemplify excellence in clinical care and professional achievement. Physicians are nominated by their peers and then vetted through a rigorous, independent review process conducted by Castle Connolly Medical Ltd., a respected healthcare research and information company with over 25 years of experience. The selection process evaluates a physician?s education, training, hospital appointments, board certifications, and outcomes, among other key credentials. Only a small percentage of licensed physicians are ultimately chosen for inclusion, making this recognition a meaningful and prestigious distinction within the medical community. Patients often rely on this trusted resource when seeking top-tier medical care, knowing

that honorees have been thoroughly evaluated for their expertise and commitment to excellence.
