May 01, 2025

LONDON, UK - May 01, 2025 -
JJRM Flooring Ltd, well-regarded in London's flooring scene, is expanding its services to cover specialized flooring options in Lewisham. This expansion features offerings for both residential and commercial spaces. Renowned for quality and skill, JJRM Flooring Lewisham delivers a wide range of choices, including luxury vinyl, carpet, and solid wood.

Among their services is luxury vinyl flooring, which not only looks good but is also durable and easy to manage. They also provide laminate flooring, an affordable choice that stands up to water, scratches, and dents, ensuring it lasts. For those who want the look of hardwood without the hefty price, engineered flooring is a solid option, providing durability while maintaining a pleasing appearance.

Their solid wood flooring is loved for its natural look and unique texture. Meanwhile, their carpet flooring service is great for folks looking to add comfort and style to their homes or workplaces. They also prioritize safety with commercial-grade anti-slip flooring to keep everyone on steady ground.

JJRM Flooring Lewisham is also skilled in restoring old wooden floors. Their team uses advanced techniques

like sanding, polishing, and lacquering to bring life back to wooden and engineered floors. Additionally, they offer carpet whipping and binding services, which give carpets a neat finish and create nice rugs and runners that won't fray. They have solutions for fixing floors too, tackling issues like gaps in hardwood floors.

One key part of their approach is partnering with top brands such as Amtico, Karndean, Kährs, and Westex Carpets, making sure to maintain high quality standards. Their process is thorough, offering a detailed installation guide and free quotes to help customers with their choices.

"Our Lewisham expansion aims to make top-notch flooring available to more people," said Riedwan Khan, a representative for the company. "We're happy to offer our expertise and a wide range of options to this lively area."
