

Calf Compression Sleeves Launched In The UK And European Market

February 04, 2016

February 04, 2016 - PRESSADVANTAGE -

BeVisible Sports, a business in San Francisco, CA, is proud to announce that they have launched their popular sports calf sleeves in the UK and European market. The BeVisible Calf Sleeves are currently the best selling calf sleeves on Amazon USA. These sleeves have proven to be popular with sports enthusiasts as well as people who are on their feet throughout the day, such as those who work in retail establishments, restaurants, hospitals and nursing.

Sandy B. from BeVisible Sports says: "Our calf compression sleeves have been available in this country for some time and they have proven to be incredibly popular. We felt it was time to give more people the opportunity to use the sleeves and are therefore offering them in the UK and Europe as well. We're happy to see that people there are already benefiting from the sleeves."

With its launch in the UK and European market, it is now aiming to grow a new number of fans in Europe. One of the ways they are doing this is through the launch of their BeVisible Sports calf sleeves video, which explains how the product works and how it can benefit people. Those who have already purchased it have been very positive about their experiences. Richard, a proud user of the calf sleeves, said: "Very happy. A

very good fit."

BeVisible Sports is committed to providing high quality products to help in the comfort and safety of active people. Their goal is to make sure people who work hard and train hard are able to continue to do so and be the best they can be. To achieve this, they have released a number of different compression sleeves, for various parts of the body. These include the arm, calf, elbow, foot, and knee. They have also released specially designed maternity stockings.

Their calf compression sleeves have long been the most popular of all. Now that they have been introduced to the wider, international market, the company hopes that more people will be able to enjoy an active lifestyle safely and more comfortably. It is expected the sleeves will soon become a bestselling item there as well.
