# Portside Marketing Expands Services to Support Service-Based Industries Through New d/b/a HERO SERVICE PROS

*May 02, 2025*

May 02, 2025 -

Portside Marketing, a recognized leader in digital marketing and business growth, is excited to announce the expansion of its services to support businesses in the service-based industries, including pool cleaning, HVAC, plumbing, electrical services, and more. To streamline and focus these efforts, Portside Marketing will also operate under the name HERO SERVICE PROS for this new vertical, bringing expert marketing solutions specifically tailored to the needs of service professionals.

Founded by Lisa Parziale & Collette Savoie, Portside Marketing has built a reputation for delivering results-driven strategies that focus on driving growth, increasing visibility, and helping businesses succeed in a competitive marketplace. With this expansion, the company is now able to leverage its expertise and track record of success in new industries where businesses often face unique marketing challenges. HERO SERVICE PROS will work directly with service-based businesses to provide the tools they need to enhance their marketing and achieve long-term growth.

Lisa Parziale, Co-Founder and CEO of Portside Marketing, explains, ?We?ve seen a tremendous opportunity to offer our expertise to businesses in industries like HVAC, plumbing, pool cleaning, and electrical services. These service professionals often face challenges in customer acquisition, brand visibility, and digital marketing. With HERO SERVICE PROS, we?re able to offer a focused approach and specialized strategies that are designed to address those specific needs.?

HERO SERVICE PROS will continue to offer the same comprehensive range of services that Portside Marketing has provided to other industries, but with an exclusive focus on the service sector under the new brand. By focusing on the unique needs of these industries, HERO SERVICE PROS will provide businesses with the ability to improve their digital marketing strategies, reach new customers, and grow their business.

The expansion into service-based industries represents a significant step forward for Portside Marketing, allowing it to better serve the growing demands of small and mid-sized businesses in this sector. Whether it?s pool cleaning companies, HVAC contractors, or plumbing professionals, HERO SERVICE PROS aims to help these businesses gain a competitive edge by using targeted marketing campaigns, improving their digital presence, and utilizing data-driven strategies to reach their goals.

?The goal of HERO SERVICE PROS is to become a trusted partner for businesses in the service industry,? Parziale added. ?We want to help them not only acquire new customers but also retain them. That?s why we focus on building strong, long-lasting customer relationships, optimizing conversion processes, and creating highly-targeted campaigns that deliver measurable results.?

Portside Marketing?s expansion into the service sector is built on a foundation of expertise in digital marketing and business strategy. HERO SERVICE PROS will offer businesses the tools they need to succeed in a constantly evolving marketplace, providing strategies that include search engine optimization, lead generation, web design, digital advertising, content creation, and business consulting. With this expansion, Portside Marketing is now able to provide full-service marketing strategies that are tailored specifically to the needs of service professionals, ensuring they have the support they need to reach new heights.

?Service-based businesses often operate on a tight budget and don?t always have the resources to execute the kind of comprehensive marketing strategies that large corporations can afford,? said Parziale. ?HERO SERVICE PROS allows us to offer smaller businesses the same high-quality marketing solutions that drive success, with a focus on maximizing return on investment and ensuring that marketing efforts generate real, measurable results.?

The new HERO SERVICE PROS brand will serve as a one-stop solution for service-based businesses that

want to grow their customer base, enhance their brand, and increase revenue. With a personalized approach to marketing, HERO SERVICE PROS ensures that every client receives the strategies and guidance they need to succeed.

?The service industry is essential to the health and functioning of our communities,? Parziale said. ?And while these businesses work tirelessly to keep everything running smoothly, they often struggle to reach their full potential because they lack effective marketing strategies. With HERO SERVICE PROS, we?re helping these professionals achieve sustainable growth, allowing them to reach more customers and grow their businesses.?

Portside Marketing?s expertise in digital marketing, coupled with the launch of HERO SERVICE PROS, positions the company as a leader in marketing for service-based businesses. The team behind HERO SERVICE PROS brings years of experience in crafting innovative solutions and driving growth for clients across various industries. The addition of this new division strengthens Portside Marketing?s mission of helping small and mid-sized businesses achieve their growth goals through effective marketing strategies.

The launch of HERO SERVICE PROS is an exciting development for both Portside Marketing and service-based businesses. By operating under this new brand, Portside Marketing can now offer highly targeted solutions to service professionals who need help navigating the complexities of digital marketing. HERO SERVICE PROS is eager to support businesses in pool cleaning, HVAC, plumbing, electrical services, and other service industries by providing the strategies, support, and expertise they need to succeed in a competitive landscape.

To learn more about HERO SERVICE PROS and the services offered, visit HERO SERVICE PROS. For ongoing updates, tips, and resources, HERO SERVICE PROS maintains an active presence on Facebook and Twitter, where businesses can connect and stay informed.

HERO SERVICE PROS is committed to helping service businesses succeed, and this new expansion ensures that Portside Marketing?s clients in the service industry will have the tools and strategies they need to thrive in an increasingly digital world.
