

## **Go Industries Unveils New Chevy 3500 Dually Mud Flaps for Enhanced Truck Protection and Performance**

*May 19, 2025*

Richardson, TX - May 19, 2025 - PRESSADVANTAGE -

Go Industries Inc., a longtime provider of truck accessories, law enforcement gear, and custom manufacturing solutions, has just launched a new product. They are now offering Chevy 3500 dually mud flaps, aiming to boost protection and performance for heavy-duty trucks. These mud flaps are built to meet the high standards truck owners expect in terms of durability and functionality.

Founded in 1978, Go Industries has always focused on creating a wide range of products that cater to different vehicle models. The Chevy 3500 dually mud flaps are designed specifically for the Chevy 3500, addressing its unique needs. Made from non-recycled rubber, these mud flaps effectively deflect debris, reducing damage to the truck and other vehicles on the road. By keeping rocks, mud, and dirt away from the wheelbase, these flaps not only protect the vehicle's exterior but also help keep surrounding vehicles safer.

The CEO of Go Industries, shared their thoughts on this launch. "The introduction of Chevy 3500 dually mud flaps reflects our dedication to supplying robust and dependable solutions to our customers," they said. "Our

goal is to continually innovate and provide products that maintain the highest standards of safety and efficiency for truck drivers across the nation."

Besides the Chevy 3500 dually mud flaps, Go Industries offers a variety of other options for different truck models. These include Classic Dually Sets, Stainless Steel Dually Sets, and Diamond Tread Dually Sets. They are compatible with a range of dually trucks from top manufacturers like Chevrolet, Dodge Ram, Ford, and GMC. Customers can browse these options and find the best fit for their truck on the company website, improving the truck's look and performance.

Go Industries isn't just about truck accessories. They also offer law enforcement vehicle gear and custom manufacturing services. Their custom manufacturing lets them meet specific project requirements, crafting personalized solutions. Customers can order custom products through the company's website, ensuring their needs are precisely addressed.

A representative of Go Industries, added, "Expanding our product range is an ongoing process, and our commitment to quality and innovation has never been stronger. Our new Chevy 3500 dually mud flaps are a testament to the company's ongoing mission to deliver premium-quality products that meet the expectations of our valued clients."

Showing their dedication to quality and service, Go Industries holds a Platinum Status with SEMA. This recognition highlights their reliability and excellence in the automotive accessory industry. It underlines their focus on high standards, both in products and customer service.

Go Industries also supports its customers with a wide range of resources. Their website features detailed product instructions, a full product catalog, warranty info, and instructional videos. Customers can find these valuable resources and more on their website. The site acts as a central hub where customers can browse and buy products, offering a smooth online shopping experience.

With advancements in technology and a focus on customer needs, Go Industries pays attention to both product quality and customer accessibility. They connect with their community through social media platforms like Facebook, Twitter, YouTube, Pinterest, and Instagram. This helps them provide updates, insights, and support directly to their audience.
