May 06, 2025 -
OAK HARBOR, OHIO ? Apex Custom Concrete & Masonry, a leading provider of premium outdoor living solutions in Northwest Ohio, announces the expansion of its custom concrete and masonry services to meet growing demand for luxury outdoor spaces across the region. Located at 12080 OH-105 in Oak Harbor, the company continues to elevate residential and commercial properties with artisan craftsmanship that seamlessly merges luxury with natural surroundings.

Known for their signature slogan "Where Luxury Meets Nature," Apex Custom Concrete specializes in creating bespoke outdoor environments that transform ordinary backyards into extraordinary retreats. The company has established itself as the premier choice for discerning homeowners along Lake Erie's shoreline and in upscale gated communities throughout Northwest Ohio.

"Our commitment to exceptional quality and unparalleled craftsmanship ensures that each project, regardless of size, stands as a testament to our dedication to excellence," states a company representative. "From elegant stamped concrete to exquisite stone masonry, we create custom outdoor spaces that reflect our clients' unique style while complementing the natural beauty of their surroundings."

Apex Custom Concrete stands out as a notable player in the concrete contractor industry, attracting homeowners, businesses, and property developers with their commitment to quality craftsmanship and customer satisfaction. Their reputation has been built on positive feedback and consistent delivery of exceptional concrete solutions for both residential and commercial projects.

The company serves a diverse clientele with varying concrete needs. Homeowners often seek their expertise for driveways, patios, walkways, and foundations where durability and aesthetics are paramount. Meanwhile, businesses require reliable contractors for commercial spaces, parking lots, and other high-traffic areas that demand superior quality materials and installation. Construction companies frequently select Apex as a trusted subcontractor, while property developers partner with them to ensure quality concrete work that enhances property values.

Demand for Apex Custom Concrete's services typically arises during new construction projects, renovations, and repairs. During these times, the contractor's reputation becomes crucial in the decision-making process. Clients prioritize finding established contractors known for delivering high-quality work and reliable service that meets their specific requirements. In Toledo specifically, their services are sought across residential neighborhoods, commercial properties, outdoor recreational spaces, and neighborhood developments that require customized concrete solutions.

Beyond their standard offerings, Apex Custom Concrete employs a team of skilled professionals well-versed in the latest techniques and materials. This expertise ensures both durability and aesthetic appeal in every project they undertake. The company specializes in custom concrete services tailored to individual client needs, fostering strong customer relationships through clear communication and timely project completion.

Communities benefit from better information about quality contractors like Apex, as it allows residents and businesses to make informed decisions when selecting partners for construction or renovation projects. Understanding a contractor's reputation for quality and reliability helps avoid the potential pitfalls of subpar workmanship. Additionally, awareness of sustainable practices and innovative techniques can encourage environmentally friendly choices, promoting better construction standards while supporting local economic growth through job creation.

Apex Custom Concrete demonstrates a commitment to sustainable practices by utilizing eco-friendly materials when possible. Their extensive portfolio showcases successful projects across various applications, solidifying their position as a leading concrete contractor in the industry. This comprehensive approach to concrete contracting?combining quality, customization, sustainability, and customer service?distinguishes Apex in a competitive marketplace.

Apex Custom Concrete provides a comprehensive suite of services including outdoor kitchens and living spaces, stamped concrete patios, paver installations, staining and engraving, custom steps, concrete countertops and tables, micro etching, stone work, and brick work. Each offering is delivered with meticulous attention to detail, resulting in functional yet aesthetically striking outdoor environments.

The company has structured its offerings into three distinct series?Modern, Freedom, and Comfort?with tiered options within each category to accommodate various budgets and design aspirations. Starting at $9,995 for entry-level packages and extending to $279,995 for elite installations, Apex ensures accessibility to quality craftsmanship without compromising on their standards.

Beyond residential projects, Apex Custom Concrete has established an impressive portfolio of commercial and public works, including the 9/11 Memorial at The 180th Fighter Wing for the United States Air Force. Additional notable clients include Kalahari Water Park, Barry's Bagels, Knights of Columbus, Tarp Stop, and the Northwood Fire Department. The company's work is also showcased in supplier showrooms such as Kuhlman Corporation, The Gordon Lumber Company, and Radiant Remodeling, further demonstrating industry recognition of their exceptional craftsmanship.

Client testimonials consistently highlight Apex's commitment to excellence. Chris Snyder, a satisfied customer, remarks: "Mark and his company were awesome. They did a great job on all our stone work and flat work for our entire project. Chimneys and all. They were very responsive and paid close attention to every detail of the project. And it was a big project I might add. The quality of work was topshelf. The crew working on the project was very experienced and friendly. I had absolutely no problem with Apex on the job. I would highly recommend them to anyone."

Another client, identified as McCabe, praises the company's comprehensive approach: "Positive: Professionalism, Punctuality, Quality, Responsiveness, Value. Apex Custom Concrete & Masonry did an outstanding job with their part in the construction of our new home. Mark was friendly, knowledgeable, thorough and easy to deal with. He offered us a number of options and broke the cost of each down in great detail. I couldn't more highly recommend a company. As the saying goes, you get what you pay for; if you want it done right, call APEX!"

Apex Custom Concrete's business model leverages strong industry relationships, with 70% of their revenue generated through builder referrals. This testament to their reputation within the construction industry underscores the consistent quality that has become synonymous with the Apex name.

"The Kuhlman Corp. invited Apex to represent them and be the face of their company at the Glass City Center home show. Each year Kuhlman has the biggest booth at the show! It was a great opportunity for us and a huge honor," an Apex representative explains. "Our Suppliers & Builders constantly refer us for

work. With over 500 years combined experience in the high-end residential industry, they continue to rely on us year in and year out."

In addition to their craft, Apex Custom Concrete has implemented customer-friendly processes to simplify the project journey. Potential clients can request instant quotes through their website, explore extensive galleries of completed projects, and utilize their patio design tool to visualize concepts before committing to construction.

The company offers financing options for residential projects and maintains operations Monday through Friday from 8am to 5pm. Their service area encompasses Oak Harbor, Toledo, Holland, Sylvania, Maumee, Perrysburg, and Northwood.
