

Burbank SEO Expert Speaks At National Charity League Event

February 23, 2016

February 23, 2016 - PRESSADVANTAGE -

Burbank SEO Experts, a business in Burbank, CA, is proud to announce that their project manager, Kelley Tabor, represented the Burbank Temporary Aid Center (BTAC) at a local National Charity League Event on January 29. Kelley has supported and worked closely with BTAC for several years and helps them raise money to be able to care for homeless or financially strapped families in and around Burbank. BTAC has been very grateful for the continued support from the SEO services firm.

Michael Milauskas from Burbank SEO Experts says: "We believe in helping the community. Most of our work is in relation to entrepreneurs and small businesses trying to make their mark on the world, and we believe that anyone has the potential to do the same. Supporting BTAC is a way for us to give back to the community, and also to provide further support for those who may have fantastic ideas but are simply not in a position to turn those dreams into reality."

The BTAC understands that certain terms such as 'homeless', 'hungry', 'financially challenged', and 'unemployed' were long used to describe people in large cities. Unfortunately, the world has changed and people who can be described with those labels can now be found in Burbank itself. The organization's goal is

to make sure these types of people receive the assistance they need, whether it is a bus token, a shower or a meal. They want to provide a support network for those who have fallen on hard times.

Burbank SEO Experts has always been committed to supporting the community. This is something they regularly make very clear on their Facebook page on <https://www.facebook.com/burbankseoexperts/>. They are incredibly grateful for the continued support the Burbank community has given them over the years, and feel that it is their duty to return this trust.

The Burbank Temporary Aid Center was founded in 1974. Since then, they have been providing families and individuals, victims of crime, the working poor, the homeless and senior citizens with emergency assistance, in the short term, as and when they need it. Their goal is to make sure anyone can live with dignity.
