TORONTO, ON - June 23, 2025 -

TORONTO, ON ? Soulmutts Toronto Ltd. has been raising the bar in the pet care industry since 2008, providing a full suite of premium dog care services that include dog boarding, daycare, grooming, walking, and holiday boarding. The company?s reputation for excellence and personalised care has made it one of the most trusted names in Toronto?s dog care sector. What truly sets Soulmutts apart is not just the state-of-the-art facilities or the wide range of services they offer but the level of personalised attention they provide each dog.

Based in the heart of downtown Toronto, Soulmutts operates out of a sprawling 4500 sqft facility that boasts the largest outdoor dog play area in the area. It?s clear that this isn't your typical dog daycare or boarding experience. The company has custom-built spaces designed to cater to the unique needs of dogs, ensuring they have both the space and the comfort they need during their stay. The indoor facility is carefully designed with multiple large play spaces, while the outdoor area offers dogs ample room to roam freely in a safe, supervised environment.

At Soulmutts, the staff is comprised of experienced, full-time professionals dedicated to providing consistent, individualised attention to each dog. The team is made up of trained pack leaders who ensure that every dog receives the care and supervision it deserves, from their first introduction to the pack to the moment they?re picked up. Each dog is assessed individually to ensure that they are properly introduced to the pack and socialised with other dogs in a safe and controlled manner. This process is one of the cornerstones of Soulmutts? approach to care, and it has earned them the trust and loyalty of pet owners across the city.

?We don?t just take care of dogs ? we form relationships with them,? said a representative of Soulmutts Toronto. ?Each dog is treated as an individual, and our focus is on making sure they feel safe, comfortable, and engaged throughout their stay. Our team is trained to assess every dog?s unique needs, so whether it?s a quiet, shy dog or a social, energetic one, we can provide the right kind of care.?

Soulmutts? commitment to the well-being of its canine clients is also evident in its facilities. The company?s buildings are equipped with a professional-grade HEPA air filtration system to ensure the air remains clean and fresh. The feeding areas are custom-built to provide each dog with a private feeding space, helping to minimise stress during meal times. With over 400 glowing online reviews and features in respected outlets, it?s clear that Soulmutts has earned a reputation for providing top-tier dog care.

?We?re not just offering a service; we?re offering peace of mind to pet parents,? the representative continued. ?Our goal is to make sure every dog is happy, healthy, and safe in our care, and we want our clients to feel confident that their pets are in the best hands possible.?

With a fleet of customised Mercedes-Benz Sprinters, Soulmutts also offers transportation services to ensure that dogs are picked up and dropped off with maximum comfort and safety. Whether it?s a daycare visit or an extended boarding stay, Soulmutts ensures a smooth and safe experience for all its canine clients.

As a fully insured and bonded company, Soulmutts Toronto is committed to providing a safe, professional, and enjoyable experience for dogs. They are approved by the SPCA and are proud members of Pet Sitters International, which further highlights their commitment to maintaining the highest standards of dog care and service.
