Schebler Heating and Air Expands Expert HVAC Services in East Moline, IL

July 30, 2025

Riverdale, Iowa - July 30, 2025 -
EAST MOLINE, Ill. ? Schebler Heating and Air, a cornerstone of HVAC excellence in the Quad Cities for over 100 years, is proud to announce the expansion of its full-service heating and cooling solutions into East Moline, Illinois. Known for its deep-rooted commitment to quality, reliability, and customer care, the company?s latest move solidifies its presence as a leading East Moline local HVAC company.

For homeowners and businesses in East Moline, finding a trusted HVAC provider often begins with a search for ?East Moline HVAC near me.? Schebler Heating and Air is proud to meet that need with a robust offering of services ranging from furnace and AC repair to new system installation and maintenance plans tailored to the unique needs of the region?s climate.

Schebler Heating and Air has built a reputation throughout the Quad Cities on a foundation of exceptional service, professional integrity, and technical expertise. With a team of certified technicians and a legacy dating back more than a century, the company continues to adapt and grow while remaining grounded in the values that earned it the community?s trust.

?As a locally owned and operated company, we understand the importance of community relationships and fast, dependable service,? said Lance McDanel, spokesperson for Schebler Heating and Air. ?Expanding our HVAC services into East Moline allows us to bring our longstanding commitment to comfort, efficiency, and safety directly to more customers in the area.?

The needs of East Moline residents are diverse, and Schebler Heating and Air?s expansion reflects a deliberate effort to address them with precision and care. The company provides comprehensive HVAC solutions including:

Residential and commercial heating and cooling system installation

Seasonal maintenance and inspection services

Emergency HVAC repairs

Indoor air quality assessments and upgrades

Energy-efficient system consultations

By offering these services locally, Schebler ensures that East Moline customers benefit from reduced response times, localized knowledge of building types and system requirements, and technicians who are part of the community they serve.

East Moline?s seasonal temperature shifts?from humid summers to frigid winters?require HVAC systems that are responsive, efficient, and dependable. Schebler Heating and Air provides prompt service year-round, helping customers avoid downtime and costly repairs through preventative maintenance and 24/7 emergency availability.

?Our goal is to be more than just a service provider?we want to be a reliable partner in home and business comfort,? McDanel added. ?Whether it?s helping families stay cool in the summer or ensuring that heating systems are ready before the first frost, we are here to make life more comfortable and efficient for the East Moline community.?

As part of its regional growth strategy, Schebler Heating and Air is investing in local outreach, customer education, and technician training to ensure that East Moline residents receive the same high level of service that has defined the company for generations.

The expansion is also supported by a dedicated online service hub tailored specifically for East Moline

customers, providing easy access to service scheduling, HVAC tips, and seasonal promotions. With its local footprint and strong community ties, Schebler is well positioned to continue growing its role as a preferred East Moline HVAC provider.
