A law firm in Central Islip, NY, is proud to announce that they have launched a brand new website. The website fully highlights the various services the firm provides, such as criminal defense. It can be accessed through <http://www.youngandyoungesq.com>.

Richard Young, from Young & Young, LLP, says: "Having a new website, I believe, is a great way to better introduce ourselves to our clientele. We really love what the design team has done with it. It looks fantastic and is a real representation of the values we stand for. We can't thank them enough and it is good to hear that our clients are liking it as well."

Young & Young, LLP is a highly respected law firm. They have taken on a number of high profile cases and their success rates are very positive. One of the things that set them apart is that they are available around the clock for any kind of emergency. While they address all areas of criminal law, they also handle cases regarding traffic tickets.

The website of the law firm provides people with some useful legal knowledge about what to do if they have

been charged with a traffic offense. Most importantly, it explains that people have rights. Mr. Young himself has over 30 years of experience in this particular field, as well as being a retired New York City police department sergeant. As such, he knows both sides of the story. "Remember to keep your mouth shut," adds Mr. Young. "Demand your right to an attorney. The police have one goal: to arrest and convict you."

The work that have been performed by Young & Young, LLP have been very positively reviewed by the many clients they have been able to help out of difficult situations. "We hired Richard Young to handle our son's traffic tickets and could not be more pleased," says B. Smith. "My son didn't have to go to court. Mr. Young came back from court with results better than we expected. I would highly recommend this firm to anyone who is looking to keep their records clean and their insurance rates down."
