Healthy Smiles Dental, a dental clinic in Anchorage, AK, is proud to announce that their dentist has been voted as the best dentist Anchorage has to offer in a recent community poll. Specifically, he won in two categories, which are comfort and convenience. This also made him the overall winner.

Dr. Terry J. Preece from Healthy Smiles Dental says: "We really want to thank our patients and other members of the community who took the time out to vote for us. To be voted best for both comfort and convenience, to us, means that we have achieved our mission of being the best we possibly can be. We couldn't be where we are today, however, if it wasn't for the continuous trust and support of our patients, so this award is as much theirs as it is ours."

Dr. Terry J. Preece started the clinic based on a simple philosophy. He believes in excellence, acceptance, respect, honesty and ethical standards. Everything that happens in the clinic follows that philosophy. Comfort and convenience are vital parts of that philosophy, and this is what they have now been recognized for. One of the things that stood out for voters is that Dr. Preece is always honest. This means that he will refer people to a specialist if he knows a job can be better completed by that person. In addition, he does so in a way that

is convenient to the patient.

In terms of comfort, one thing that was commented on particularly was the welcoming feel of the waiting room. Patients spoke very highly of this. "When you enter Healthy Smiles Dental, it's like going into someone's living room," says Holly J., who took part in the poll. "Their treatment rooms have comfortable dental chairs and are clearly state of the art, but that initial waiting room is so important to me. To not enter into a very clinical, sterile environment straight away did a lot for me in terms of calming my nerves."
