June 05, 2025

GARLAND, TX - June 05, 2025 -
Keathley Landscaping is excited to announce a new service aimed at residents and businesses who want to improve their outdoor areas. This company, which specializes in landscape design and maintenance, is now offering specialized sod installation as part of its services. Keathley Landscaping is known for doing quality work and paying close attention to detail, providing sophisticated solutions for outdoor spaces. They tackle projects that range from tiny gardens to large commercial properties. The new sod installation service is designed to offer clients a greener, more vibrant outdoor environment.

"We are committed to enhancing outdoor spaces," said Logan Keathley, Founder and CEO. "By offering tailored sod installations, our goal is to give clients healthier lawns that not only look good but last." Mark emphasized that choosing the right sod varieties ensures they match with the local climate, bringing long-term value for clients' investments.

Keathley Landscaping decided to offer sod installation because there's a growing need for efficient and sustainable landscaping solutions in homes and businesses. Selecting the appropriate type of sod can help reduce water consumption, lower maintenance, and enhance the overall look of a property. With their experience in working across different climate conditions, the company ensures the sod they install not only looks good but keeps its lush appeal. This dedication to quality helps them stand out as the best sod contractor Highland Park TX can offer.

Sarah Jenkins, a long-time customer, shared her happiness with Keathley's work. "Our lawn and garden now reflect the professionalism and expertise that Keathley Landscaping is known for. The new sod has completely transformed our space, making it more welcoming and enjoyable," she said. Keathley Landscaping provides a personalized service, working closely with clients to ensure each project meets their unique needs. They offer free consultations to help clients make informed choices about changes to their landscapes, backed by detailed plans and reasonable timelines.
