

Go Industries Unveils Innovative Topside Shovel Box for Ultimate Tool Storage

June 09, 2025

Richardson, TX - June 09, 2025 -
Go Industries, known for its long history of manufacturing and distributing truck accessories, is excited to introduce the Topside Shovel Box to its product lineup. This new addition is designed to cater to both everyday truck users and professionals, offering a robust and efficient tool storage solution specifically crafted for shovels and similar equipment. More detailed information about this product and other offerings can be found on the Go Industries website.

The Topside Shovel Box helps organize tools more effectively and makes them easier to access and use. Its perforated metal sides help dirt escape, avoiding any buildup inside the box. The box measures 72x18x10 inches, giving ample storage space while maintaining a stylish look suitable for many truck models. Users can choose to mount the box permanently or set it up for easy removal to suit different needs.

"With the introduction of the Topside Shovel Box, Go Industries is responding to the practical needs of our customers who require efficient tool storage solutions," remarked a spokesperson from Go Industries. "The

design of this box not only functions well but is also in line with the heavy-duty use our products are famous for. Having the option to mount it permanently or make it removable adds versatility for the user."

Since 1978, Go Industries has earned a strong name for itself by providing reliable products tailored to trucks, law enforcement, and custom manufacturing sectors. The company's growing product line includes popular items like grille guards and vehicle accessories for law enforcement. The new Topside Shovel Box comes in white and black finishes, letting buyers choose according to their taste.

This product continues the company's dedication to meeting customer demands with useful solutions. By allowing shovels and similar tools to be stored cleanly and efficiently, the Topside Shovel Box shows Go Industries' strong grasp of what truck owners, who often work in challenging conditions, really need.

Go Industries doesn't just offer practical products but also provides a variety of resources and support for its customers and partners. Their detailed catalog and accessible customer service are there to help with any inquiries or product assistance. On top of that, Go Industries holds a high status in the industry, evidenced by its Platinum Status with the Specialty Equipment Market Association (SEMA), showcasing their focus on quality and forward-thinking designs.

The new Topside Shovel Box marks another move by Go Industries to continually expand its product offerings to better serve its customers. Users can find detailed specifications and options by visiting the Go Industries website, where they will find more information and can make purchases directly. The website also provides resources like product instructions and a comprehensive product catalog. Additionally, Go Industries offers outstanding customer service and technical support for the Topside Shovel Box and all their other products.

"As the market evolves, so does our product range," said another representative of Go Industries. "We are excited to bring forward solutions like the Topside Shovel Box, which truly speaks to the practical needs of our clientele. Our goal remains to offer not just products, but added value through effective and reliable solutions for our customers' everyday challenges."

For those interested in the Topside Shovel Box or other Go Industries products, the company encourages a visit to their website. They provide a thorough selection of products and services that go beyond mere truck accessories, incorporating custom manufacturing capabilities for tailored solutions to meet specific customer needs.

With this latest product launch, Go Industries reaffirms their institutional commitment to innovation, quality,

and practical use in the truck accessories world. Thanks to customization options and ease of use, the Topside Shovel Box is set to become an essential accessory for truck owners in various fields.
