Atlanta Welcomes Renowned Neurologist: Dr. Carl Tyler Shenkman MD Joins Georgia Spine & Orthopaedics Team

June 17, 2025

ATLANTA, GA - June 17, 2025 -
Georgia Spine & Orthopaedics is proud to announce that Neurologist Carl Tyler Shenkman MD, JD, LLM, has joined its team, reinforcing the practice?s dedication to serving victims of auto accidents across Metro Atlanta. Dr. Shenkman is nationally recognized for his expertise in epilepsy, neuro-critical care, and the urgent evaluation of traumatic neurological injuries?conditions often seen in patients recovering from car accidents and other traumatic incidents.

Dr. Shenkman brings over twenty years of clinical experience, including advanced fellowship training from Columbia Presbyterian Medical Center and a residency at New York Medical College/St. Vincent?s Medical Center. He also holds a Juris Doctorate and a Master of Laws in healthcare law, a rare combination that allows him to address both the immediate and long-term needs of accident victims facing neurological injury.

As a member of the Georgia Spine and Orthopaedic Atlanta Neurology team, Dr. Shenkman will focus on delivering comprehensive neurological evaluations and accurate diagnoses for patients suffering from traumatic injuries. His expertise is especially valuable for individuals injured in car accidents, ensuring that they receive swift, precise, and effective treatment tailored to their unique circumstances.

Dr. Shenkman is also known for encouraging collaboration between different medical fields. By connecting neurology, orthopedic surgery, pain management, and rehabilitation, he aims to boost patient outcomes through coordinated care. This kind of teamwork is especially useful for those with complicated medical and surgical needs.

A spokesperson from Georgia Spine & Orthopaedics expressed enthusiasm for Dr. Shenkman?s arrival, stating, "We are excited to have Dr. Shenkman join our practice. His deep experience in neurology and his

unique legal background make him an invaluable asset for our patients, especially those injured in auto accidents. We look forward to the positive impact he will have on our team and the community."

Throughout his career, Dr. Shenkman has demonstrated leadership in developing quality care initiatives within neurology. As a mentor and educator, he brings evidence-based practices that promote safety and high-quality care. His dedication to staff education ensures Georgia Spine & Orthopaedics maintains top standards across all areas of care.

Dr. Shenkman will also use his legal knowledge to assist with life care planning. His background allows him to assess future medical needs and uphold patients' rights, particularly for those affected by neurological trauma. By combining his skills in medicine and law, he addresses complex medico-legal issues, taking into account both immediate and long-term needs of patients.

"I am eager to join Georgia Spine & Orthopaedics and play a role in advancing neurological care for accident victims," said Dr. Shenkman. "Combining my experience in medicine and law allows me to advocate for patients and provide comprehensive, compassionate care that looks after both their immediate and future health."

With the addition of Dr. Shenkman, Georgia Spine & Orthopaedics continues its mission to deliver top-quality spine and neurological care to those in Atlanta and surrounding communities. His presence strengthens the integration of neurology into the practice?s trauma-focused care model, ensuring accident victims have access to the most advanced diagnostics and treatments available.

Patients seeking advanced neurological consultation can learn more about Dr. Shenkman's offerings by visiting Georgia Spine & Orthopaedics' website. For further information, they can explore the Georgia Spine and Orthopaedic Atlanta Neurology team page on the site.
