

Personal Injury Scotland Celebrates Third Anniversary Of Handling Accident Claims

February 10, 2016

February 10, 2016 - PRESSADVANTAGE -

Personal Injury Scotland, is a network of Personal Injury Lawyers covering the whole of Scotland, are proud to announce that they are celebrating their third anniversary of handling accident claims. Their Lawyers are highly specialised, experienced and win more than 4 Million GBP worth of compensation every year for their clients. Details about the high level service can be accessed through their website at <http://personalinjuryscotland.org>.

James Scott from Personal Injury Scotland says: "It has been an amazing three years in which we have been able to make a real difference to people in need. We have helped a large number of clients obtain the compensation they deserve for accidents they suffered through no fault of their own. We want to thank them for their continued support and dedication and look forward to many more years in business."

The network's lawyers have represented a variety of clients with complex cases including Mrs G from Lancaster, who suffered a road traffic accident while on holiday in Scotland. A drunk driver crossed into the road, striking her vehicle. This caused her to suffer back injuries and also made her fearful of being a passenger in a car. This fear stopped her from traveling on motorways. While her back did improve, her car

anxiety did not. She settled for 18,000 GBP for her pain and suffering, as well as 2,000 GBP for help from the family and the cost of traveling.

Another example would be Mr L from Glasgow. He was employed as an electrician and was exposed to asbestos dust in the Clyde shipyards. He developed asbestosis 40 years later as a result of this exposure, developing disabling breathlessness. The firm recovered 50,000 GBP for his pain and suffering, as well as 30,000 GBP to help him with daily care and travel.

All Scottish practising solicitors are members of The Law Society of Scotland and are required to meet their high standards

People are encouraged to like the Face Book Personal Injury Scotland page. This will give people an opportunity to stay up to date with industry news and other high profile cases, as well as give them the opportunity to communicate directly with Personal Injury Scotland.
