

Go Industries Inc. Expands Truck Accessory Line with New Grille Guards for Enhanced Vehicle Protection

July 03, 2025

Richardson, TX - July 03, 2025 -
Go Industries Inc., a leader in truck accessory design and manufacturing, is expanding its lineup of grille guards. Starting now, both fleet operators and individual truck owners have access to a broader choice of products known for their functionality and durability. This expansion highlights Go Industries' ongoing dedication to providing high-quality vehicle accessories that cater to a variety of customer needs. For more details about their extensive offerings and company history, visit the Go Industries website.

Founded in 1978, Go Industries has earned a strong reputation by offering a wide range of truck accessories, law enforcement products, and custom manufacturing solutions. Situated in Richardson, Texas, the company has consistently adapted its offerings to meet the needs of modern vehicles and the tough conditions they often encounter on the road. The new expansion builds on their already popular selection of truck grille guards, strengthening their role as a dependable industry partner.

The expanded range now includes innovative knock down grille guards and winch-style grille guards. These

are made specifically for trucks like the Chevrolet C4500, Chevy 6500, Ford F650 and F750, and International CV515. These additions put ease of use at the forefront, featuring a no-need-for-cutting-or-drilling installation. The grille guards are designed to tilt forward, allowing easy hood access and improving the overall experience for users. Detailed product information and specifications can be accessed through the Go Industries online product catalog.

A representative from Go Industries shared the company's enthusiasm about these new developments. "Expanding our product line to include more versatile and user-friendly truck grille guards is a natural step forward for us," he said. "Our aim has always been to improve the lives of our customers by offering high-quality products that are both functional and reliable. With this range, we are ensuring that our clients can equip their vehicles with the necessary tools to handle any environmental challenges."

These new grille guards show Go Industries' ongoing commitment to supporting both individual vehicle owners and fleet operators. Not only do these products offer improved vehicle protection, but they also maintain rigorous manufacturing standards, as they are entirely made in the USA. With solid features and reliable performance, these products fit with the company's values of quality and dependability.

In addition to expanding its truck grille guards lineup, Go Industries is a notable supplier of specialized law enforcement equipment and custom manufacturing services. The company adapts to various requirements, from skid plates for off-road driving to custom-manufactured parts tailored to specific client needs. This kind of flexibility is part of Go Industries' reputation, making them a vital partner for their customers. Those interested in custom manufacturing options can request quotes directly through the Go Industries website, ensuring tailored service solutions.

"Every product we put into the market reflects our dedication to craftsmanship and innovation," adds representative. "Whether it's our chevy truck grille guards or our advanced headache racks, each item represents a solution-focused approach that meets the practical needs of our customers."

The company's customer-focused approach goes beyond product offerings. They provide resources like detailed installation instructions, warranty information, and a comprehensive product catalog. Their active presence on social media platforms also offers a direct line of communication with customers, keeping them updated on the latest products and industry news.

Tim's Truck Outfitters, a long-time customer of Go Industries, expressed their thoughts on the new products. "The new winch-style grille guards are exactly what our fleet needed. They're easy to install and incredibly durable. We've been relying on Go Industries for years because they consistently deliver products that meet our high standards," said Tim Barker, owner of the outfitting business.

Go Industries' consistent development of its product lines reflects its commitment to excellence in the truck accessories market. By understanding and responding to the changing needs of their clients, the company solidifies its lead in the industry. Truck owners and operators should check out the expanded range of products and see how they can enhance the performance and safety of their vehicles with Go Industries leading the way.
