

Rev Up the Chevy 3500 with Go Industries' Robust Dually Mud Flaps

July 07, 2025

Richardson, TX - July 07, 2025 -
Go Industries Inc., a well-known provider of truck accessories, law enforcement equipment, and custom manufacturing services, is happy to announce a new addition to their lineup: Chevy 3500 dually mud flaps. For more information about their full range of truck accessories, visit the Go Industries website. This expansion supports the company's mission to deliver strong solutions for truck owners looking to keep their vehicles safe and looking good for the long term.

These new Chevy 3500 dually mud flaps can handle tough conditions and protect one's truck from road debris, dirt, and gravel. They're a smart choice for dually trucks because they help preserve the vehicle's look and structure by keeping mud and other debris away. Made from non-recycled rubber, these mud flaps offer various models to suit both dual wheel and single wheel trucks.

This launch comes as Go Industries aims to offer more options in their product line. "We know how important it is to protect your investment. That's why we're dedicated to providing durable, high-quality products that fit

the needs of all our customers," said a representative from Go Industries. These mud flaps highlight the company's ongoing effort to meet customer needs with practical solutions.

Since its founding in 1978, Go Industries has been leading the way in offering truck accessories. The company has grown its range to include items that boost truck functionality, like grille guards, airflow tailgates, and bumper replacements. Explore their complete selection of protective accessories and enhancements for trucks on their website. With the introduction of these new dually mudflaps by Go Industries, they reinforce their standing as a market leader in truck accessories.

Apart from truck accessories, Go Industries supports law enforcement by outfitting vehicles with gear meant for safety and function. Their skills in custom manufacturing allow customers to have products tailored to their unique needs. Interested customers can learn about their custom manufacturing services and get quotes directly from the Go Industries website. This flexibility showcases Go Industries' customer-focused approach.

Recognizing that truck owners want protection alongside style, these new dually truck mud flaps for sale not only perform well but also fit seamlessly with the truck's design. Customers can choose from options like the Classic Dually Set, Stainless Steel Dually Set, or Diamond Tread Dually Set, based on their preferences and truck needs.

The representative commented, "These new products reflect our dedication to excellence and value. We offer more than just products; we provide peace of mind, ensuring trucks are ready to face any road."

Mud flaps play a vital role in industries that rely on vehicle durability and performance, such as construction, agriculture, and logistics. By expanding its product lineup, Go Industries continues to support these industries with equipment that can meet their daily demands.

Go Industries also offers comprehensive support for customers, including detailed product information, installation guides, and a dedicated support team for any inquiries or technical issues. They provide a product catalog, warranty details, and instructional videos on their website.

As Go Industries grows and evolves its product offerings, the company stays up-to-date with new ways of engaging and transacting with customers. They offer newsletters and social media channels for communication, and notably, they now accept cryptocurrency as a payment method.

With this new rollout, Go Industries maintains its reputation for providing quality, engineered solutions for vehicle protection. Whether it's for a Chevy 3500, GMC, or Ford, the company aims to enhance the safety

and looks of trucks nationwide. For more details, visit the Go Industries website and discover the latest enhancements, such as their dually mudflaps, ensuring drivers can protect their vehicles and keep them ready for anything on the road.
