

Soulmutts Toronto: Elevating Dog Care with Expert Service and Spacious Facilities

July 11, 2025

TORONTO, ON - July 11, 2025 -
Toronto, ON ? Soulmutts Toronto, the city?s premier dog care provider, continues to set the standard for exceptional pet services with its innovative approach to daycare, boarding, grooming, and walking. Since its establishment in 2008, Soulmutts has earned a reputation for providing a safe, stimulating, and structured environment where dogs can thrive. Whether you?re seeking daycare during a busy workday or need reliable overnight boarding, Soulmutts Toronto offers a comprehensive range of services designed to meet every dog's needs.

At Soulmutts, every dog?s well-being is a top priority. The company is dedicated to providing dogs with the exercise, mental stimulation, and socialisation they need to stay healthy and happy. With the largest outdoor dog play area in downtown Toronto and a spacious 4500 sqft indoor facility, Soulmutts offers dogs plenty of room to run, play, and interact with other dogs in a safe and controlled environment. This expansive space, paired with the expert supervision of their team of full-time, professional pack leaders, allows each dog to enjoy a truly enriching experience.

What distinguishes Soulmutts Toronto from other dog care providers is its carefully curated approach to play and socialisation. The company operates on a pack-play model, where dogs are placed in groups based on their size, energy level, and temperament. This careful grouping ensures that every dog can interact and play with others in a way that is enjoyable and safe. New dogs are introduced gradually to ensure they feel comfortable in their new environment, and each dog?s behaviour is closely monitored by trained pack leaders to ensure that their individual needs are met.

?Our goal is to provide a safe and fun space for dogs to be dogs,? said the owner of Soulmutts Toronto. ?We know that every dog is different, and we take the time to understand their personalities and needs. Our facilities and services are designed to ensure that every dog receives the best care possible.?

The 4500 sqft indoor facility at Soulmutts Toronto offers a comfortable and clean environment for dogs to socialise and exercise. The spacious design allows for plenty of room for dogs to move around freely while maintaining a structured and supervised atmosphere. For dogs who prefer a quieter environment, Soulmutts offers separate play areas for small dogs, where they can socialise in a more controlled and peaceful space. This flexibility ensures that every dog, no matter their size or energy level, can enjoy their time at Soulmutts.

In addition to its indoor and outdoor play spaces, Soulmutts Toronto also places a strong emphasis on cleanliness and safety. The entire facility is equipped with a professional-grade HEPA air filtration system to ensure that the air remains clean and fresh at all times.

For owners seeking overnight care, Soulmutts Toronto?s dog boarding services offer a home-like experience for dogs. Dogs stay in spacious, comfortable areas and enjoy the same off-leash pack play model during the day as they do during daycare hours. The dedicated staff provides individual attention, making sure that every dog feels at ease while away from their owners. The facility is open 365 days a year, offering flexible drop-off and pick-up times to accommodate the busy schedules of dog parents.

Transportation is another standout feature of Soulmutts Toronto?s services. With a fleet of custom-designed Mercedes Benz Sprinters, Soulmutts ensures that every dog is transported comfortably and safely to and from the facility. The vehicles are spacious, well-ventilated, and equipped to handle the comfort and safety of each dog during their ride.

The reputation of Soulmutts Toronto speaks for itself. With over 400 positive online reviews and recognition from respected publications, Soulmutts continues to be the top choice for dog owners in Toronto. The company is fully insured and bonded, and it is a member of both Pet Sitters International and an approved SPCA member, further solidifying its commitment to providing the highest standard of dog care.

Soulmutts Toronto is not just a place for dogs to be cared for?it?s a place where dogs can thrive, play, and be part of a community. The focus is on creating an enriching experience where dogs are not just exercised but are also given the opportunity to interact, learn, and form bonds with others. With a well-rounded approach to dog care and an unwavering commitment to quality service, Soulmutts remains the leading choice for dog owners in Toronto.
