Beary Landscaping Celebrates 40 Years of Industry Leadership with Continued Commitment to Excellence

July 02, 2025

LOCKPORT, IL - July 02, 2025 -
Beary Landscaping, a trusted name in commercial and residential landscaping, proudly marks over 40 years of dedicated service in the industry. Since opening its doors in 1985, the company has grown from a small local operation to a regional leader with more than 500 employees, thousands of successful projects, and an unwavering reputation for quality, innovation, and reliability.

commercial and residential clients through locations in Arlington Heights, Aurora, and Brookfield, Illinois, as well as the Elkhart and Merrillville regions of Indiana. From large-scale landscape construction projects to seasonal color enhancements and snow removal, Beary has become a one-stop solution for property owners seeking superior craftsmanship, responsive service, and long-term value.

?At Beary Landscaping, we believe that the outdoor space around a building says just as much as what?s inside,? said a company spokesperson. ?It?s not just about aesthetics?it?s about functionality, sustainability, and making a lasting impression. Our job is to bring all those elements together for our clients, and we?ve been doing that consistently for four decades.?

What began as a small landscaping business has evolved into an industry leader known for its strong project execution and personalized service. Beary?s approach is rooted in collaboration?listening carefully to each client?s goals, tailoring services to meet specific needs, and delivering results that align with both vision and budget. Whether managing routine maintenance for multi-family properties or executing high-end commercial landscape installations, Beary Landscaping brings professionalism, integrity, and meticulous attention to detail to every job.

Their service offerings span the full spectrum of landscaping needs. Beary?s landscape maintenance team ensures that properties remain healthy and attractive year-round through lawn care, fertilization, irrigation services, and pest control. Their landscape design professionals work closely with clients to create beautiful, functional plans that reflect each property?s unique character. Meanwhile, the construction team executes those plans with expert installation of hardscaping, lighting, irrigation, and planting.

Seasonal flexibility is another hallmark of the company?s service. Through seasonal color enhancements, Beary ensures properties remain vibrant and visually engaging throughout the year with thoughtfully selected plantings. During the winter months, their snow and ice removal services help commercial clients maintain safety and accessibility, no matter the weather.

Beary Landscaping?s continued success is also tied to its strong focus on sustainability and environmental responsibility. The company incorporates eco-friendly practices whenever possible, such as water-efficient irrigation systems, sustainable plant selections, and environmentally safe treatments. ?We?re not just maintaining landscapes?we?re stewarding the environment,? the spokesperson added. ?We believe that responsible landscaping is good for the planet and for our clients? long-term investments.?

Beyond its technical expertise, Beary Landscaping is deeply committed to client satisfaction. The firm?s long-term relationships with property managers, developers, and homeowners reflect its consistent delivery of dependable results. ?Our clients know they can count on us,? said the spokesperson. ?They have a dedicated point of contact, transparent pricing, and a team that truly values communication and follow-through.?

As the company looks to the future, Beary Landscaping is focused on continued growth while staying true to the values that have guided it since 1985: honest service, exceptional quality, and genuine partnerships. Its recent website launch?featuring updated branding and easier access to services?offers clients a streamlined experience from consultation to project completion.
