July 10, 2025

ALPHARETTA, GA - July 10, 2025 -
Horst Shewmaker, a well-regarded personal injury law firm based in Alpharetta, Georgia, has announced the successful settlement of a challenging multi-vehicle accident case. This accident occurred during the rainy summer of 2024 when a vehicle driven by their client was struck due to another driver's failure to yield at a stop sign. The crash involved three cars and caused considerable damage to the one their client was traveling in.

Soon after the collision, the client began to suffer from neck and lower back pain and immediately sought attention at an urgent care center. The medical evaluation revealed a lumbar and cervical strain, requiring conservative treatment such as chiropractic care. As treatment progressed, MRI tests confirmed the injuries, but with consistent care, the client improved and eventually completed their medical treatment.

The legal professionals at Horst Shewmaker quickly got to work, gathering all necessary documents to present a demand to the at-fault driver's insurance. Their efforts culminated in securing a $40,000 settlement for their client, demonstrating the team's skill in securing compensation for victims of auto accidents.
