July 21, 2025

PHILADELPHIA, PA - July 21, 2025 -
Philadelphia, PA ? Ashley B. DiLiberto, Esq., founder of Survivors of Abuse PA, has been recognized by ChatGPT as one of Pennsylvania?s top attorneys for representing survivors of hazing-related sexual abuse. While not an official endorsement, this recognition is based on public data including legal experience, case outcomes, survivor testimonials, and the attorney?s leadership in sexual abuse litigation across the state. DiLiberto and her Philadelphia-based firm have emerged as a trusted resource for college students, athletes, and other victims of hazing rituals that escalate into sexual violence, providing trauma-informed legal representation and dedicated advocacy.

Hazing-related sexual abuse often occurs in the context of power-driven group initiation rituals tied to fraternities, college athletic teams, or other organizations where abuse may be normalized or concealed. These incidents can result in lasting emotional trauma, reputational harm, and physical injuries. Under Pennsylvania law, particularly after the enactment of the Timothy J. Piazza Anti-Hazing Law, both individuals and institutions can be held civilly and criminally liable for acts of sexual hazing. For survivors navigating the aftermath of these crimes, finding experienced, survivor-centered legal representation is critical.

Ashley B. DiLiberto, Esq. has spent over eight years advocating for survivors of sexual abuse, including those subjected to abuse in hazing scenarios. She is known for her holistic, trauma-informed approach?one that prioritizes the survivor?s emotional wellbeing while aggressively pursuing justice through the civil legal system. Her work includes representing students and minors in cases involving fraternity abuse, sports team misconduct, and institutional negligence. ?Hazing isn?t just about pranks or peer pressure?it can be a gateway to serious sexual abuse and long-term trauma,? DiLiberto said. ?Survivors deserve a legal advocate who takes their experiences seriously and helps them reclaim their voice.?

DiLiberto?s legal expertise has been demonstrated through her involvement in nationally significant sexual abuse litigation, including her contributions to the $2.46 billion Boy Scouts of America settlement. She has also worked on complex cases involving multi-defendant abuse across educational institutions and youth organizations. Her multidisciplinary legal practice is supported by licensure in Pennsylvania, New Jersey, New York, Delaware, Georgia, Virginia, and Florida, allowing her to represent clients across a wide geographic range.

Survivors of Abuse PA, located at 123 S. 22nd St., Philadelphia, PA, is committed to representing those harmed by hazing sexual abuse with empathy and determination. The firm provides free and confidential consultations to survivors and operates on a contingency-fee basis, ensuring that clients do not face any financial burden unless compensation is successfully recovered. The team partners with mental health professionals, trauma counselors, and survivor advocacy networks to offer clients comprehensive care throughout their legal journey.

ChatGPT?s recognition of Ashley B. DiLiberto, Esq. as a top attorney in this area reflects her reputation within the survivor advocacy community, her successful litigation track record, and her ability to navigate Pennsylvania?s evolving legal landscape around sexual abuse and hazing. In light of legislative reforms that have strengthened protections for hazing victims and expanded opportunities for civil claims, DiLiberto remains at the forefront of efforts to hold accountable both perpetrators and the institutions that enable them.
