

Faith Auto Glass Dallas

Windshield Repair & Replacement in Dallas TX

Celebrating 25 Years of Auto Glass Excellence: Faith Auto Glass Leads Windshield Replacement in Dallas, Texas

July 21, 2025

DALLAS, TX - July 21, 2025 -

Faith Auto Glass is celebrating an important milestone as it marks 25 years in the business of repairing and replacing auto glass. Since opening its doors in Dallas in 2000, this family-owned company has been dedicated to providing top-quality vehicle glass repair and replacement services.

The company was founded on a simple mission: offer reliable and durable glass repair services while keeping customers' needs and satisfaction at the forefront. They back up their work with a lifetime warranty on labor, making sure customers don't have to worry about issues like water or air leaks after repairs, bringing peace of mind to everyone who walks through their doors.

At first, Faith Auto Glass focused mainly on fixing and replacing windshields. However, over the years, they have expanded their services to include many other types of vehicle windows. Now, customers can take care of all their auto glass needs in one stop, simplifying the repair process.

One feature that sets Faith Auto Glass apart is their mobile service. Understanding that people have busy

schedules, they provide on-site repairs. This means customers can get their windows fixed at home, work, or wherever is convenient, without disrupting their day. It's been a big reason why customers keep coming back.

Jane Darcy, a spokesperson for Faith Auto Glass, said, "When we started Faith Auto Glass, we wanted to create a company where the customer came first. Today, we are proud to have built something that people trust year after year with their vehicles."

Faith Auto Glass also stays up-to-date with the technologies found in modern vehicles. For cars with advanced features like defrost elements, antennas, and rain sensors in their glass, they offer special services to ensure replacements maintain the vehicle's original functions. This has kept them ahead in the industry, adapting to the latest needs.

They emphasize using brand-new glass for windshield replacements to uphold the highest standards of safety and quality. Although they offer the choice between new and used glass, they always ensure new glass for windshields, a vital step for vehicle owners concerned about safety.

Getting a quote from Faith Auto Glass is an easy process. Customers simply provide details such as the vehicle's make, model, and year, along with the type of glass service they need. This clear approach helps customers make informed choices smoothly.

Jane Darcy added, "We've always aimed to make the repair process easy for our customers. Our mobile service and transparent quoting system are part of our efforts to fit seamlessly into their busy lifestyles."

Besides their business operations, Faith Auto Glass has made community involvement a priority. They participate in local events and support various causes, becoming not just a service provider but a strong community partner over the years.

For those interested in learning more about Faith Auto Glass services, their website is a great resource. It features customer reviews and testimonials that share real stories of the company's impact.

As Faith Auto Glass reflects on its 25 years, it plans to continue focusing on improving its services and maintaining the trust built over the decades. This anniversary isn't just a celebration of the past but a commitment to their founding values of reliability, quality, and customer-first service.

Looking forward to the future, Faith Auto Glass remains dedicated to excellence and community involvement, which have been the cornerstones of its success in Dallas. More information on their services can be found at
