

# Go Industries Inc. Unveils New Dodge Ram 2500 Winch Grille Guard for Truck Enthusiasts

*August 04, 2025*

Richardson, TX - August 04, 2025 -
Go Industries Inc. has just launched its latest product: the Commercial Grade Winch System. This product is made for truck lovers who want strong front-end protection and practical features. This new addition shows the company's dedication to making high-quality truck accessories that cater to heavy-duty users' needs. The product is designed in a modular style, which allows users to incorporate a winch carrier and brush guards, creating a setup that can be customized to individual preferences.

This winch system provides excellent protection with 5/16 laser-cut steel uprights and 2.5-inch, 16-gauge steel cross tubes. These features help ensure the system lasts through various driving conditions. Also, heavy-duty mounting brackets add extra strength, making it fit for rough terrains. The optional brush guards line up with vehicle designs, shielding headlights from debris and obstacles off-road. Plus, the system supports optional winch carriers that can handle 9.5 or 16.5 winches, offering flexibility to those serious about off-road adventures.

"At Go Industries, we understand our customers' need for reliable, sturdy, and adaptable equipment," said a company spokesperson. "Our new Commercial Grade Winch System represents our commitment to innovation and quality. It offers a versatile solution for truck owners looking to enhance their vehicles' capacity and resilience."

Since it started in 1978, Go Industries, based in Richardson, Texas, has been a top provider of products and services for the truck, law enforcement, and custom manufacturing fields. For further details on our comprehensive offerings, products, and custom solutions, please visit Go Industries' website. The company's growth, including innovations like the Dodge Ram 2500 Winch Grille Guard, reflects its ability to meet market demands and customer expectations.

This new product is a significant addition to Go Industries' existing lineup, which includes Rancher Grille Guards, BigTex Grille Guards, Medium Duty Grille Guards, Pro Series Bumpers, Air Flow Tailgates, and Heavy Duty Headache Racks. All items, including this new winch system, are manufactured in the USA, showcasing the company's focus on high craftsmanship standards and support for local production.

Law enforcement agencies are a key part of the company's customer base and can turn to Go Industries for custom vehicle enhancements as well. The company offers products that improve vehicle safety and performance, specific to Chevrolet, Dodge, and Ford models. This includes much-needed protective skid plates for vehicles that operate in tough conditions or off-road settings.

Go Industries' custom manufacturing section allows customers to work on designs that meet their unique needs. Customers can get quotes for personalized projects directly from the Go Industries website, ensuring products match exact specifications, whether for personal or business purposes.

Focusing on safety, sturdiness, and adaptability, Go Industries products are a top choice for individual truck owners and professional fleets. Their high standing with SEMA Platinum Status highlights the quality and reliability of their products in the industry.

"We build our products to last, to fit seamlessly, and to be adaptable to many uses," said another representative at Go Industries. "Our new winch system is an excellent example of how we blend functionality with strength, serving our customers' needs thoroughly."

Go Industries is also flexible with payment options, accepting cryptocurrencies, which broadens options for tech-savvy customers. Their diverse product line is available online, where customers can explore detailed product descriptions, instructional videos, and plenty of resources.

With a strong social media presence, Go Industries maintains a close connection with its customers,

providing updates on new product launches, innovations, and company happenings. Additionally, their division called Longhorn Reels offers wire and cable handling solutions, further increasing their market reach.

The new Commercial Grade Winch System has a three-year warranty covering materials, workmanship, and finish, showing the company's confidence in its products and aiming for customer satisfaction.
