

Go Industries Unveils Robust Dodge Ram 1500 Winch Grille Guard for Ultimate Protection and Customization

August 01, 2025

Richardson, TX - August 01, 2025 -
Go Industries Inc., known for its truck accessories and custom manufacturing, has announced the launch of its new Commercial Grade Winch System. This tough Grille Guard is designed to provide strong protection and various customization options for different vehicles. It's made from heavy-duty materials and can be enhanced with a winch carrier and optional Brush Guards, making it useful for driving off-road and around town.

Go Industries' new product demonstrates their commitment to durability and quality. The Dodge Ram 1500 winch grille guard, built with 5/16 laser-cut steel uprights and 2.5-inch, 16-gauge steel cross tubes, offers both strength and practicality. It features custom, heavy-duty mounting brackets that allow for maximum strength and easy installation. Go Industries has been a trusted name for truck owners and law enforcement professionals since 1978, and this new system continues that legacy of reliability.

With their extensive offerings found on the Go Industries website, customers can explore a wide range of

truck accessories, including Rancher and BigTex Grille Guards, Aerospace Tech Mud Flaps, and Air Flow Tailgates. These products are designed to protect and enhance the functionality of trucks, meeting both practical and style needs.

"We are excited to introduce the Commercial Grade Winch System," a Go Industries representative stated. "Our aim was to create a product that offers outstanding protection while also providing the customization options our customers expect." The system includes options for adding brush guards, which not only improve the look of a vehicle but also protect headlights from debris and obstacles. Customers can select a 9.5 or 16.5 Winch Carrier, depending on what they need.

Entirely made in the USA, these grille guards, bumper replacements, and heavy-duty headache racks come with a three-year warranty covering materials, workmanship, and finish. This highlights Go Industries' focus on quality and customer satisfaction. The company also offers detailed instructions and technical support, ensuring customers have all the information they need.

Besides the Commercial Grade Winch System, Go Industries offers a wide range of truck accessories, like Rancher and BigTex Grille Guards, to protect and improve vehicles. Their Aerospace Tech Mud Flaps and Air Flow Tailgates are designed to meet the practical and style needs of truck owners.

Go Industries also serves the law enforcement sector, providing specialized equipment to enhance vehicle functionality and safety. With products tailored for Chevrolet, Dodge, and Ford models, plus skid plates for rugged terrain, they are a trusted partner for those who serve and protect.

"The addition of the Commercial Grade Winch System is a significant milestone for Go Industries," another company representative noted. "Our vehicles are ready for any terrain or weather, and our products are built to handle these challenges." This statement showcases the careful design and durable technology that go into their products.

For those who need custom solutions, Go Industries offers custom manufacturing services, allowing customers to create products that meet their specific needs. Their user-friendly website provides tools for getting quotes and placing orders, highlighting their focus on customer service.

The Go Industries website is a resource hub with product catalogs, instructional videos, and warranty information. Holding Platinum Status with the Specialty Equipment Market Association (SEMA) further underscores their quality and service, earning trust from industry partners and customers alike. Explore their offerings and resources, ensuring that any needs are met with accuracy, quality, and dependability.

The new Commercial Grade Winch System is available for purchase, with detailed specifications and options

on their website. The company's willingness to accept cryptocurrency as payment demonstrates their modern approach and commitment to offering accessible solutions for a broad range of customers.

With a strong history of providing protective and customizable options for trucks and law enforcement, Go Industries remains a leading force in the industry. Their ongoing innovation and product expansion ensure they meet customer needs with accuracy, quality, and dependability. The release of the Commercial Grade Winch System is another step forward, equipping drivers to tackle any challenges they encounter on the road or off-road. Visit the Go Industries website to find out more about their innovations and customer-focused efforts.
