February 16, 2016 - PRESSADVANTAGE -

Bayahibe SUP, based in Bayahibe, Dominican Republic, is now the only stand up paddle boarding (SUP) place in the Bayahibe, La Romana and Punta Cana area. While there are a number of other companies that offer SUP, they do so solely as a 'side activity'. This is the only company that exclusively offers SUP in the Bayahibe - La Romana area. More details can be found at the Bayahibe SUP website. Bayahibe is part of the La Romana Destination in the Dominican Republic. The La Romana Destination has its own airport and cruise port. There are many all inclusive resorts as well as non-all inclusive accommodation. The Bayahibe village is a charming place on the Caribbean Sea with many restaurants and fun things to do.

Mari Bergman from Bayahibe SUP says: "We are a small local business in Bayahibe, Dominican Republic. We provide Stand Up Paddle Boarding facilities to tourists that visit our village. For beginners we offer SUP lessons and for experienced Stand Up Paddle Boarders we offer the opportunity to rent our equipment. Guided tours are by far our most popular service and we take you to the most pristine coral reef sites to enjoy some snorkeling off of your stand up paddle board. All of our tours are organized for small groups as we are committed to always offer a very personalized service."

In the gorgeous Bayahibe Bay, paddling on the crystal clear waters of the protected area of the Parque Nacional del Este, visitors can go on a variety of excursions and courses - including a wonderful expedition on the Chavon river, during which visitors can soak up the jungle feeling and observe the wildlife in its natural habitat. They also offer rentals for those who want to go on an individual tour. The company is committed to the green agenda and as such offers an eco friendly way to get out on the water and have fun. They also offer professional guides and will take people for snorkeling tours at the most pristine reefs.

People are encouraged to like the Bayahibe SUP Facebook page. Here, they can be kept up to date with interesting factoids and special offers. Furthermore, it is an opportunity for people to share their experiences with stand up paddle boarding and the company itself. "We had a fabulous time on the Bayahibe SUP excursion," says Tracy L.K. "Thank you to Mari and Luca. Would love to visit again next time we come to the DR."

Many people have also shared pictures of their SUP experiences through the company's other social media pages, most notably the Bayahibe SUP Twitter page. People are encouraged to follow suit and share their experiences on the company's social media pages.
