La Romana Destination is one of the most popular destinations in the Dominican Republic and in the Caribbean in general. The La Romana Destination offers a number of accommodation (all-inclusive resorts, apartments, bed & breakfasts, etc.) and activities such as scuba diving, stand up paddle boarding, and excursions to the most remote and pristine places of the Dominican Republic. The area covered by La Romana Destination is quite vast and it includes the small fishing village of Boca de Yuma.

The Hotel Restaurant Don Bienve, based in Boca de Yuma, has just launched a new service. They are proud to now offer their guests excursions that are off the beaten track. These include the hidden beach close to the village and a river excursion. More details are available at the Hotel Restaurant Don Bienve website.

Julio Cesar Perozo from Hotel Restaurant Don Bienve says: "We want to give people an authentic taste of the Dominican Republic. This is expressed strongly in our famous restaurant, where we serve traditional cuisine with fresh, local produce. Now, we have taken this a step further and offer our guests the opportunity to get to know this Caribbean island a little better. We're happy to see that the excursions are proving to be very popular."

The hospitality establishment overlooks the sea in Boca de Yuma, Dominican Republic, and offers the greatest levels of comfort to its guests. Breakfast is included with every reservation, and the hotel prides itself on its authentic Dominican cuisine, with the freshest fish and seafood in the area.

The business has also launched the Hotel Restaurant Don Bienve Facebook page. This offers people the opportunity to communicate directly with the establishment and to find out the details about local events and happenings. Furthermore, it gives them the chance to share their pictures and stories of their own experiences with the hotel, restaurant or excursions.

Many have already taken the opportunity to share some of their experiences. "I love all the personal attention I was given at Don Bienve," says Zuleika. "The hotel is clean and comfortable, the restaurant is out of this world. I will certainly come back to the country and the hotel in order to experience more and take part in more excursions. The hidden beach was wonderful."

In keeping with a drive to become more transparent and in touch with their clients, they have also launched their Hotel Restaurant Don Bienve Twitter page. This is another opportunity for people to share their own experiences, and also for the business to spread news about their services and the island as a whole.
