

Wild Ranch Zipline Canopy Trail In La Romana - Bayahibe Initiate New Sustainable Foundation

February 18, 2016

February 18, 2016 - PRESSADVANTAGE -

The La Romana Destination is very popular in the Dominican Republic and it includes a large area. The most popular part of the destination is Bayahibe, a lively fishing village on the south-east coast of the Dominican Republic. The destination offers many all-inclusive resorts as well as other a number of different accommodation options and the destination is very easy to reach thanks to the airport and cruiseport that serve the area.

Wild Ranch Zipline Canopy, a business serving La Romana Destination area as well as the Punta Cana area, is proud to announce the kick-off of the Wild Ranch Sustainable SOS Foundation. This foundation helps and rescues abused animals in both domestic and working environments. Part of each ticket purchased for the zipline activity now goes towards helping this foundation. More details are available at the Wild Ranch Zipline Canopy website.

Rossella Morello from Wild Ranch Zipline Canopy says: "We love the fact that the Dominican Republic is such a popular destination with tourists, as their visits help support our economy. But we also understand how important it is to engage in conservation efforts. We are happy to see that eco tourism is something

many people engage in and when they book a day with us, they get the best of both worlds: they get to experience the wild Dominican jungle in all its glory, while at the same time they are able to help ensure that our local wildlife will continue to thrive and survive."

The zipline canopy trail is found deep in the Dominican rain forest, right on the banks of the Chavon River. The facility is also an animal sanctuary for endangered endemic species. They offer a number of activities alongside the zipline, which includes canopy, canoeing and rappelling. All their equipment are fully checked and certified by ACCT, which tests them once a year. To date, they hold a 100% safety rate.

Tourists can enjoy the use of 14 towers and nine different lines, zipping across the rain forest's canopy. The guides are highly trained, very professional and guarantee an amazing experience. Children from 5 years old can take part in the activities, making it a wonderful day out for the entire family. And now that each ticket supports an important foundation, people are also comfortable in the knowledge that they are helping the country as a whole. More details are available at the Wild Ranch Zipline Canopy Facebook page.

The company has also launched the Wild Ranch Zipline Canopy Twitter page. Here, they will share industry relevant news and more information about the animals they have helped rescue. The company's social media profiles are also an opportunity for others to share their own experiences.
