

Physical And Occupational Therapy Jobs In Virginia Waiting To Be Filled

February 12, 2016

February 12, 2016 - PRESSADVANTAGE -

Search One Inc., a business in Clearwater, FL, has announced that they are currently recruiting physical therapists and occupational therapists for full time positions. These positions are available for multiple settings, including home health, skilled nursing facilities and outpatient care. Search One Healthcare Recruiters encourages everyone with the right skills to register their interest in these jobs.

Bill Pedrey CEO at Search One Inc. says: "We have helped healthcare companies for over 40 years to identify, recruit, and retain highly skilled medical professionals. We currently have a wealth of positions available in different types of organizations and in various geographical locations. The chance to start a career in healthcare is here and we encourage everyone to register with us as soon as possible."

The current openings on the agency's website show just how many different healthcare positions are available. The U.S. Bureau of Labor Statistics has consistently said that there will be a much faster than average growth across all healthcare professions (between 14% and 31%, compared to the national average of 6%) between 2014 and 2024. The list of opportunities on the Search One Inc. website is a clear testament to their calculations being accurate.

Currently, they have open positions in Florida, North Carolina, Virginia, Maryland, Texas, Arizona, California, Ohio, Illinois, Pennsylvania, Georgia, and South Carolina. Their list of available positions is updated on a daily basis, so people are encouraged to check back regularly. Those who have worked with the company have been very positive about the services they have received. "I have been working with Search One for over 20 years and have had a long standing relationship with them for recruiting of healthcare professionals," says Blake G. "Bill and his staff have always been able to provide an outstanding customer service experience with qualified candidates. I would highly recommend Search One to any healthcare provider looking for qualified staff."

Bill Pedrey is happy to see that the healthcare industry is thriving and to see that his company is able to play such an important role in helping people find work, and in ensuring the quality of healthcare improves across the board.
