

Resurgence Behavioral Health Expands Access to Compassionate, Patient-Centered Addiction Treatment

August 28, 2025

JURUPA VALLEY, CA - August 28, 2025 -
RIVERSIDE, Calif. ? Resurgence Behavioral Health today announced its continued success as a premier provider of alcohol detox and rehabilitation services in Riverside, California. Located at 3686 Pacific Ave., Riverside, CA 92509, the facility is earning recognition for its commitment to compassionate care and personalized treatment, establishing itself as a trusted destination for those seeking recovery.

As demand for ethical, effective, and supportive treatment grows in Riverside and surrounding communities, Resurgence has distinguished itself as more than a drug rehab center?it has become a place of transformation. Patients are welcomed with respect and dignity, supported by a clinical team that combines professional expertise with personal connection. This approach has made the Riverside location one of the region?s most trusted resources for those searching online for ?alcohol rehab near me? or ?drug rehab near me.?

The Riverside facility provides a full continuum of care, beginning with clinically supervised drug and alcohol

detox programs. Under the care of experienced healthcare professionals, patients are guided through the earliest and most difficult stages of withdrawal in a safe, structured, and supportive environment. From there, patients transition into comprehensive residential and outpatient programs that combine medical expertise, evidence-based therapy, and holistic approaches to ensure lasting recovery.

Resurgence?s alcoholism and addiction treatment programs are built on proven methods including cognitive behavioral therapy, trauma-informed care, and group counseling, as well as life skills workshops that prepare patients for long-term stability. The emphasis on personalized care ensures that each treatment plan is tailored to meet the unique needs of every patient.

A recent patient, Lynn, reflected on her time at Resurgence and credited the staff with helping her reclaim her life. She shared, ?The Resurgence team helped me to gain back my life & sobriety! I?m forever grateful. Shout out to Adon for his loving, patient presence who has helped more than I can ever repay. You guys made my stay the best. It was hard but worth every second, and I did have the time of my life. I get to be myself again: a present wife, mother, grandmother, and friend. I?m forever thankful.?

This patient testimony underscores the profound impact of the Riverside location?s philosophy: to treat people as whole individuals, not as cases. Patients experience an environment built on understanding, accountability, and encouragement, supported by a staff that is deeply invested in every step of the recovery process.

The Riverside facility is designed to provide both comfort and structure. With thoughtfully designed accommodations, nourishing meals, and a therapeutic environment, the center allows patients to focus fully on their recovery. Every team member?from clinicians and case managers to support staff and drivers?plays a vital role in fostering a culture where people feel safe, supported, and empowered to change.

Resurgence also recognizes the importance of continuing care. The Riverside team offers extensive aftercare planning, alumni programs, and family involvement, ensuring that patients leave with a clear plan for long-term success. This emphasis on continuity of care has helped Resurgence earn its reputation as one of the best alcohol rehab centers in Riverside.

Serving neighborhoods such as Casa Blanca and Magnolia Center, Resurgence Behavioral Health Riverside has become a symbol of progress and hope for people across the Inland Empire. For many searching for ?alcohol detox and rehab near me,? the path to recovery begins and continues at Resurgence.
