Our family was planning a road trip and we needed to have our F-150 serviced. I showed up on a Friday afternoon, and the incredibly friendly and accommodating Tammy at the front desk managed to get me in for the following Monday morning. By Monday afternoon, I had a comprehensive detailed report (with pictures) of the inspection they had already completed. Tammy called me and walked

me through what they were recommending to get done now and what could wait. She quoted me a price and the work was completed by noon on Tuesday. The owner, Riaz, made a point of coming to meet my wife and I when we dropped the truck off, and when we picked it up. This kind of customer service is a rarity these days.
