August 18, 2025 -
Ward Winning Homes, a premier home remodeling and design firm based in Arlington Heights, Illinois, has taken a new step by expanding its services to include basement remodeling and renovation. Known for their expertise and dedication to remodeling excellence, the company serves the Northwest Suburbs of Chicago, offering a range of services including home remodeling, kitchen remodeling, bathroom remodeling, home addition contracting, and of course, their new basement remodeling services.

This move follows an increasing demand in the area, and Ward Winning Homes is ready to make basements more than just storage spaces. Specializing in remodeling, Ward Winning Homes has been known for its quality craftsmanship and is now set to offer homeowners in the Northwest Suburbs of Chicago more options to transform their basements into appealing and functional living areas.

The decision to add basement remodeling to their services is strategic for Ward Winning Homes. It addresses the growing interest among homeowners who want to use their basements in more functional ways. The company plans to offer various remodeling options tailored to suit different needs, providing insights and services that align with their clients' personal aesthetics and practicality. By focusing on personalized solutions, Ward Winning Homes helps clients make the most out of their existing space, offering unique designs that reflect the client's personal style. Learn more about their basement remodeling service and other offerings through their extensive service descriptions available on their site.

Ted from Ward Winning Homes shared, "We have noticed a real uptick in interest for basement renovations. We're thrilled to lend our expertise to these projects, ensuring every space is not just useful but also attractive. Our move into basement remodeling is a natural step, given our commitment to adapting to what our clients need."

Ward Winning Homes prides itself on providing services that reflect each client's unique needs. Projects are

carefully aligned with what the client envisions, meeting both design and functional requirements. Their approach includes gathering feedback from customers and maintaining open communication throughout the project, making customer satisfaction a top priority.

To meet the demand for basement renovations, Ward Winning Homes has increased its team size by hiring skilled professionals who bring experience in basement projects. These experts handle everything from the initial design to the final details, ensuring a smooth process for homeowners and helping them make informed choices throughout the renovation.

Quality and longevity are standout features of Ward Winning Homes' projects. Using top-quality materials that can withstand Chicago's unpredictable weather, they aim for durability in every project. From moisture-resistant flooring to advanced ventilation systems, the company is dedicated to delivering projects that last. Interested homeowners can view examples of their craftsmanship and portfolio on the homepage of their website.

Ward Winning Homes has established a strong presence in the community with an impressive portfolio of home remodels in the Chicago area.
