

Eyes On The Square Optometrist Sets New Standard for Comprehensive Eye Care

August 27, 2025

August 27, 2025 -

Eyes On The Square, a modern eye care center in Bentonville, Arkansas, is reaffirming its dedication to providing comprehensive, patient-focused eye care. Spearheaded by Dr. Matt Howell, a well-regarded optometrist known for his expertise in vision health, the center offers a variety of services aimed at maintaining and improving the eye health of their patients.

At the heart of the clinic's services are primary eye care offerings, which include thorough comprehensive eye examinations. These exams go beyond basic vision tests, assessing the patient's eye health to address and ensure both clarity and comfort. This proactive strategy helps ensure patients enjoy both clear and comfortable vision.

In addition to basic eye care, Eyes On The Square specializes in advanced dry eye evaluations and tailored treatment plans. Their targeted approach looks to find the root cause of dry eye problems, providing relief, improving hydration, and boosting the patient's overall quality of life. A patient, Kristine S., shared her positive

experience, saying, "Had my first IPL/RF treatment for dry eyes. Dr. Howell is very professional and knowledgeable. Pleasant experience as always. Beautiful clinic and friendly staff."

Holistic care is central to what Eyes On The Square offers. The team is committed to diagnosing, monitoring, and treating various eye diseases in a caring, patient-centered setting. Using the latest technology, they work to detect and manage conditions like glaucoma, cataracts, and macular degeneration effectively. The clinic is also adept at recognizing general/systemic health issues such as diabetes and hypertension through eye exams, showcasing their comprehensive approach to patient care.

If patients need specialized options, the clinic provides specialty contact lenses suited for even the most challenging visual and comfort needs. This ensures patients with unique eye care requirements receive solutions specially tailored for them.

Additionally, Eyes On The Square carries a curated collection of premium eyewear. They offer unique, high-end frames from independent brands around the globe, coupled with top-quality lenses, providing patients an option to see clearly while enjoying stylish and functional eyewear.

Eyes On The Square's commitment to excellence is well-recognized, highlighted by its acclaim as the Best Eye Doctor of NWA. The center's dedication to using cutting-edge diagnostic tools ensures early detection and proactive management of eye health issues, keeping patients' eyes healthy for years to come. Alissa C., a satisfied patient, praised her visit, noting, "Couldn't recommend this place more. Doctor Howell is super informative and easy to connect with. Great customer service and wonderful people!"

Dr. Howell and his team stress the importance of regular eye exams, promoting overall health and wellness. They educate patients on maintaining healthy vision, offering advice such as eating a diet rich in omega 3 fatty acids, carotenoids, vitamins A, C, and E, staying well-hydrated, and protecting eyes from excessive UV exposure.

Patients in search of professional care are invited to consider Eyes On The Square Optometrist services. The center stands out with its personalized approach and emphasis on expert diagnosis and treatment, demonstrating its commitment to advancing eye care in Bentonville. By prioritizing patients and using cutting-edge medical practices, Eyes On The Square sets a high standard for eye care providers.

With a mission that extends beyond simple vision correction, Eyes On The Square remains a cornerstone of comprehensive vision care in its community. Through a modern, holistic approach, they create a welcoming environment where patients receive the quality eye care they need and feel genuinely valued and supported.

Eyes on The Square's comprehensive services are further detailed on their website, allowing interested individuals to explore the full range of care options available.
