August 20, 2025

NEWNAN, GA - August 20, 2025 -
Arrowhead Clinic is excited to introduce a new range of services that focus on car accident injuries, providing patients in Newnan and nearby areas with better options for recovery and wellness. With over 48 years of experience in the field, the clinic takes a comprehensive approach to injury treatment, combining advanced diagnostics with personalized care plans.

Led by Dr. Frank Bostic, the clinic uses its extensive expertise to address gaps in local healthcare offerings. They highlight the need for detailed and thorough examinations, employing computerized spinal analysis and in-depth range of motion assessments. This allows them to find underlying issues after accidents that standard emergency evaluations might miss.

Dr. Frank Bostic, DC, shared his enthusiasm for this initiative, saying, "We are thrilled to bring this specialized service to the Newnan community. Our focus is on going beyond the symptoms to find root causes, which helps us deliver the most effective recovery path. This approach is very important for car accident victims, who often need a different kind of care compared to other injuries."

At Arrowhead Clinic, the patient journey starts with comprehensive evaluations that may include accident reconstruction and symptom analysis. This process ensures that each treatment plan is customized to meet the specific needs of the individual. Part of the Arrowhead Clinic in Newnan car accident chiropractic services includes using advanced tools such as digital X-rays and computerized postural analysis to fine-tune treatment plans. Techniques may involve spinal manipulation, soft tissue methods, and auxiliary therapies like electrical stimulation and laser therapy.

In a move that focuses on community support, Arrowhead Clinic in Newnan offers walk-in chiropractic services for car accident victims. This ensures that those needing immediate care can get timely interventions, which could lead to better treatment results. The clinic is also committed to promoting

community health with initiatives like health screenings, safety seminars, and wellness programs at workplaces.

To keep their approach well-rounded, Arrowhead Clinic collaborates closely with other medical institutions in Newnan. By coordinating care, they ensure a smooth experience for patients, managing every part of the recovery process effectively. They also work with personal injury attorneys to help patients deal with the legal complexities often associated with accident injuries.

Dr. Bostic stressed the clinic's commitment to educating the community, saying, "We aim not only to treat injuries but also to prevent them. We believe in empowering our community with knowledge so they can live healthier lives."

The Newnan Arrowhead Clinic review and testimonials from former patients show how impactful this patient-centered approach is, highlighting successful outcomes, ease of scheduling and improved experiences. New patients are invited to begin their journey with a complimentary consultation to explore services and develop a personalized care plan.

Additionally, Arrowhead Clinic provides easy access to educational resources. These resources, including a chiropractic blog, a car accident guide, and other wellness options, help individuals make informed choices about their health and recovery. This supports a proactive approach to wellness.
