

Raul Meza Celebrates the Impactful First Anniversary of "Injection of Faith" Across Global Platforms

August 26, 2025

VALENCIA, CA - August 26, 2025 -

Raul Meza is marking the first anniversary of his impactful book launch and speaking tour, celebrating the success of "Injection of Faith." Released over a year ago, the book attracted attention with its bilingual editions, available in both English and Spanish under the title "Inyeccion de Fe." Over the past year, Meza has embarked on a successful press tour, reaching audiences in the United States, Mexico, and Argentina. During his tour, his remarkable near death experience stories caught the media's attention.

The book and Meza have been featured on prominent platforms like Univision's morning show "Despierta America," Mexico's "Vive Mas+," and Argentina's popular program "La Puerta Abierta." Raul Meza's messages and insights found their way into the airwaves through talk shows and podcasts such as "Mujeres Victoriosas" hosted by Jessica Dominguez and "El Show De Piolin" with Eddie Sotelo. These features have brought Meza and his "near death experience stories" into many homes, earning him further speaking engagements in both spiritual and healthcare circles.

Damián Sileo, a seasoned and respected Argentinian journalist, remarked on Meza's unique impact during his presentations: "In addition to a critical care and rapid response nurse of 32 years, you can also add author, charismatic, inspirational, and powerful speaker," stated Sileo. "I reported from numerous of his presentations, and he was mobbed by questions and autograph requests from the tearful and engaged audience after coming down from each and every stage."

Meza's personal experiences and the engaging nature of his book have sparked genuine connections during his presentations. The author himself noted the universal response his story elicited: "It didn't matter if I was presenting in English or Spanish, or if I was speaking to nurses or speaking at churches, the reaction was universal. People wanted to come up after my presentation to ask their questions and share their experiences," he stated. This meaningful interaction highlights the shared human experience surrounding themes of faith and resilience.

Promeza MG continues to back Raul Meza's work and his mission to deliver uplifting and thought-provoking content through his writing and speaking. The book can still be found through various places like Raul Meza's website, Amazon, Barnes & Noble, and bookstores across the country. Through these outlets, Raul Meza's "near death experience stories" continue to reach new readers and listeners, reaffirming the book's status as a source of inspiration and comfort.

Meza's dedication to sharing his experiences and insights emphasizes his commitment not just to his career as a seasoned nurse, but also as an author and speaker who impacts lives across borders and cultures. As he celebrates the anniversary of the book launch, Meza's work reflects his personal journey and the collective struggles and victories of many. With ongoing interest from both faith-based and healthcare communities, his speaking engagements are set to continue, offering spaces for conversation and connection.

Looking ahead, Raul Meza and Promeza MG are ready to expand their reach, welcoming opportunities to connect with audiences seeking hope and understanding. Whether readers discover the book for the first time or revisit its pages, the stories Meza shares remind us all of the enduring power of faith and shared experiences. As the book continues its journey in literary and public speaking circles, Raul Meza's influence remains a guiding force for those facing their own life challenges and triumphs, demonstrating the profound impact one person's story can have on the world.
