United Van Rentals, one of the leading passenger van rental companies in the southwest, announced that it is expanding their services for one-way travelers. United will now offer one-way van rentals to and from Las Vegas, Phoenix and all major airports in California.

"One way rentals enable the customer to rent a van at one of our rental stations and return it to another," says Louis Della Penna, business manager for United Van Rentals. "This gives the customer more convenience and flexibility when planning a road trip. One-way van rentals are perfect for vacations, attending to business needs in multiple cities or as a backup if flight plans suddenly change."

United Van Rentals has airport stations for pickup and return in Los Angeles County, Orange County, San Diego, Palm Springs, San Francisco, Phoenix, and Las Vegas.

"Got another location in mind? Give us a call...we'd love to accommodate you," says Della Penna. "Our goal is to make travel as easy as possible for our customers."

United Van Rentals has a full-line of late-model 11, 12 and 15 passenger vans, minivans and cargo vans. Their fleet consists of Ford Transit Vans (High Roof and Low Roof models) Ford E350, Ford E250, Chevy Express and Toyota Sienna.

Open seven days a week from 8:00 a.m. to 6:30 p.m., United Van Rentals offers a wide variety of special amenities most van rental companies do not, including complimentary airport shuttle, vehicle delivery and pickup at hotels or businesses and 24/7 check out and return.
