

Orange County Limo Service Now Arriving With Century Limousine

February 23, 2016

February 23, 2016 - PRESSADVANTAGE -

Southern California limousine service Century Limousine is proud to announce that they have expanded their services to include Orange County.

The company, which also serves Los Angeles County and Ventura County, is now accepting reservations throughout Orange County. The Orange County limo service is perfect for special events, parties and business, according to the company.

"We have been in business for quite some time and have established ourselves as one of the best limo services in Los Angeles County. Our business has grown tremendously over recent years and months, and this has enabled us to offer our services across Orange County. Naturally, we continue to be committed to professionalism, quality, excellence and reliability at all times," said Joseph Babakhanyan, founder of Century Limousine.

Century Limousine prides itself on having highly trained, professional drivers. Part of their expansion into Orange County included meeting this standard. The company's drivers can serve as a guide to all their

guests, showing them the most beautiful and exciting areas of Orange County in true comfort and style.

That includes the company's fleet of vehicles as well. Century Limo has an expansive fleet that includes not only limos, but party buses and regular luxury cars, like the Lincoln Towncar and Cadillac Escalade.

"We pride ourselves on both our service and our luxury fleet. We have several new vehicles to choose from and we're sure you'll find one that suits your needs," Babakhanyan said.

The full list of vehicles that are available through the limousine service can be viewed on their website at centurylimos.com. Reservations are accepted online or by calling 877-799-1717.
