

New Website On Law Of Attraction Launched

February 23, 2016

February 23, 2016 - PRESSADVANTAGE -

The Valspring Group Ltd., a business in Berwick, NS, Canada, is proud to announce the launch of their new website. The site is dedicated to the Law of Attraction, as well as self-help and personal development. As part of the launch, the company is asking everyone to sign up for their free newsletter. Those who sign up will receive an eBook on the subject at no cost. Further details are available through <http://www.loa4success.com/>.

Paul Grimm from The Valspring Group Ltd. says: "The Law of Attraction, very simply put, means that you attract what you put out. This is the essence of the book 'The Secret' by Rhonda Byrne, which was an international bestseller and is still seen as the ultimate bible on the subject. We use our website to provide regular information on how to live your life according to the Law of Attraction, thereby helping others to achieve their dreams."

Since the release of The Secret, people have often wondered how to apply these thoughts to their personal and financial life. To address this, The Valspring Group Ltd. has made an eBook available called 'Mastery of Money and Romance', which is full of tips and information to help people achieve the success they desire. The golden thread in this is the Law of Attraction and how it can help people get everything they want.

A YouTube video has also been released as part of the website launch to give people a more personal introduction to the Law of Attraction. The video can be viewed at <https://www.youtube.com/watch?v=hU2YRws2hKU> and it is already proving to be very popular. Through the video, people can get an insight on the community of people who think positively and no longer speak of 'wants' but rather of 'haves'.

"Getting everything you have ever wanted is about behaving as if you already have it," adds Paul Grimm. "Because you attract what you send out, you must believe that you already have everything you desire. If not, what you send out is doubt, and what you will get back is more doubt."

Those who are interested in signing up for the newsletter can do so at <http://www.loa4success.com/s/sign-up/>.
