

Plumbing Company Expands Services to Meet Growing Residential Demand

August 29, 2025

MARIETTA, GA - August 29, 2025 - PRESSADVANTAGE -

Marietta, GA ? K L Contractor Plumbing Inc continues to provide dependable plumbing services for homeowners throughout the Indian Hills subdivision of Marietta, GA. Under the leadership of owner Konstantin Lozoyi, the company remains focused on solving everyday plumbing problems for residents who want fast, honest, and professional service without delay or confusion.

The Indian Hills neighborhood, located in Marietta?s 30068 zip code, includes a range of homes that frequently need skilled help with aging pipes, water heater replacements, clogged drains, and full bathroom remodeling. The K L Contractor Plumbing team works daily in this area, handling both scheduled projects and urgent service requests.

Konstantin Lozoyi founded the company to bring clarity and trust to the plumbing industry. His team includes trained technicians who specialize in common residential services. These include water heater installation, sewer and drain cleaning, plumbing repair, and fixture upgrades. The company has built a reputation in

Indian Hills as a reliable first call when plumbing issues interrupt daily life.

The demand for water heater installation in Indian Hills has increased over the past year. Many homes in the area were built decades ago and still use older units. The K L Contractor Plumbing crew provides clear estimates and fast turnaround for both tank and tankless replacements. Their technicians remove old systems, handle safe installation, and test each setup before leaving. Their process is clean, simple, and centered on keeping the homeowner informed.

Drain cleaning remains one of the most common reasons Indian Hills residents call the company. Tree roots, grease buildup, and older sewer lines lead to frequent slow drains and full clogs. The company uses specialized tools, including hydro jetting and camera inspection, to find the cause and clear the line quickly. Their focus is to restore flow and reduce the chance of future backups.

Bathroom remodeling in Indian Hills is another growing part of the company's work. Many families want to improve their bathrooms while solving long-term plumbing issues at the same time. K L Contractor Plumbing offers full remodel services including plumbing changes, new fixture installs, and drain upgrades. Homeowners can plan the project with the office team and receive updates at each step until the remodel is complete. The company works with trusted suppliers and keeps each remodel moving on schedule.

Alex Laldin, who oversees customer service and community engagement, said, "This neighborhood has been good to us. We've worked in Indian Hills for years and we understand what the homes need. Our goal has always been to serve the people, not just fix their plumbing. That's why we're clear about costs, quick with answers, and always ready to take the next call."

The company office provides daily dispatch to handle calls from Indian Hills and nearby parts of Marietta. Homeowners can speak with a team member directly, explain the issue, and schedule service without delay. Technicians show up on time, complete work with care, and clean up before leaving each job site.

K L Contractor Plumbing Inc is licensed and insured to operate throughout Georgia. The company's vehicles and uniforms are clearly marked, and each technician is trained in both technical service and customer interaction. The company invests in ongoing training to stay current on service methods and local plumbing codes.

Konstantin Lozovyi emphasized that the team's long-term focus remains on serving Indian Hills residents with honesty and consistency. "We don't make big promises. We just do the job right," he said. "Indian Hills is full of good people who take care of their homes. They want a plumber they can count on. That's what we do every day."

As demand for residential plumbing services continues to rise in Indian Hills, K L Contractor Plumbing Inc remains prepared to meet each request with the same steady approach that has built trust across Marietta. From water heater installation and drain cleaning to full bathroom remodeling projects, the company delivers results without delay or confusion.
