Moment of Clarity's Operation Clarity: A Path to Mental Wellness for Active Duty and Veterans

October 02, 2025

CORONA, CA - October 02, 2025 -
CORONA, Calif. ? Moment of Clarity, one of Southern California?s leading outpatient mental health treatment providers, has announced the launch of Operation Clarity at its Corona facility. This new initiative introduces a structured and personalized pathway for individuals seeking recovery, creating a clearer roadmap through outpatient treatment while reinforcing the center?s reputation for innovation and compassion.

Operation Clarity offers patients a progressive model of care that emphasizes accountability, personal growth, and ongoing support. By combining structure with flexibility, the program allows individuals to move forward through defined stages of treatment while maintaining the ability to balance work, school, and family life. The initiative reflects a growing commitment to delivering outpatient mental health programs that adapt to real-world responsibilities while still providing measurable milestones for recovery.

This expansion highlights Moment of Clarity?s continued growth in Southern California, reinforcing its mission to deliver accessible, compassionate, and innovative outpatient care.

The Corona facility already serves as a hub for outpatient mental health treatment in Riverside County and surrounding communities. Patients come from Corona, Norco, Eastvale, Riverside, Chino Hills, Yorba Linda, Lake Elsinore, Temescal Valley, Butterfield Ranch,Anaheim Hills, Ontario, Rancho Cucamonga, Perris, and Grand Terrace to access the center?s Intensive Outpatient Program (IOP), Partial Hospitalization Program (PHP), and advanced therapies such as Eye Movement Desensitization and Reprocessing (EMDR), Cognitive Behavioral Therapy (CBT), and Dialectical Behavior Therapy (DBT). The addition of Operation Clarity strengthens these services by offering a more defined treatment pathway that builds confidence, accountability, and resilience.

Patients frequently describe the mental health center as a place where they feel welcomed and understood from the moment they arrive. Many note that the environment goes beyond traditional counseling to offer a

sense of community, with staff who are attentive, compassionate, and highly professional. Feedback has consistently highlighted the positive impact of group therapy sessions, one-on-one counseling, and skill-building activities. Families also emphasize the value of a program that includes loved ones in the healing process, creating stronger support systems and more lasting results.

The introduction of Operation Clarity further underscores the role of Moment of Clarity as a trusted resource for outpatient mental health treatment in Corona and throughout Southern California. With its ability to provide a full continuum of care, the facility ensures that patients at every stage of recovery can find the support they need close to home. Residents of Belmont Heights, Seal Beach, Yorba Linda, Riverside, and Huntington Beach have all expressed the importance of being able to receive advanced care without having to leave their communities.

By combining evidence-based therapies such as EMDR, CBT, and DBT with structured outpatient programs like IOP and PHP, and now the Operation Clarity model, Moment of Clarity continues to set a standard for outpatient mental health care in Riverside County. The program is designed to provide not only symptom relief but also long-term strategies for stability, ensuring that patients can build healthier futures while staying connected to their communities.

For people searching for ?mental health treatment in Corona,? Moment of Clarity remains a trusted name in the region. With Operation Clarity now available, the center is expanding both access and innovation, providing patients with clear pathways toward recovery and families with the assurance that compassionate and effective care is close at hand.
