Howard?s Pool World Now Offers Pool Cleaning Services

October 14, 2025

LAKE SUZY, FL - October 14, 2025 -
Howard?s Pool World has announced the launch of its professional pool cleaning in Lake Suzy, FL, adding to the company?s established services in Charlotte County. With this expansion, the company aims to provide residents and businesses with reliable, high-quality cleaning solutions that ensure pools remain safe, clear, and inviting throughout the year.

Lake Suzy has experienced steady growth in recent years, and with it, an increase in residential and commercial pool ownership. James Guinnee, a representative of Howard?s Pool World, explained that the decision to expand services into the area was a direct response to rising demand for professional care. Many pool owners have expressed the need for dependable providers capable of managing regular cleaning alongside maintenance and repairs.

?Pools in Florida face unique challenges due to the climate, which can affect water quality and equipment performance,? said Guinnee. ?By offering pool cleaning in Charlotte County, we are giving residents access to services that keep their pools safe and enjoyable year-round.?

Howard?s Pool World?s pool cleaning program in Lake Suzy includes a full suite of solutions designed to maintain both water quality and overall pool health. Services cover routine debris removal, brushing and vacuuming, chemical testing and balancing, and filter maintenance. The company noted that regular cleaning helps prevent algae growth, ensures proper chemical levels, and protects pumps and filtration systems from unnecessary strain.

Technicians are trained to spot potential issues during routine visits, allowing them to recommend repairs before problems escalate. This proactive approach is intended to give pool owners peace of mind while protecting their investment. The company has also emphasized the importance of consistency, explaining that regular service visits create dependable results that homeowners and businesses can trust.

Howard?s Pool World?s expansion into Lake Suzy is guided by a customer-first philosophy. Representatives stated that Howard?s Pool World focuses on communication, reliability, and tailored solutions for each client. ?Every pool has different needs, and we make sure our cleaning plans reflect that,? Guinnee said.

This client-centered approach, the company explained, has fueled its reputation in Charlotte County and is expected to support strong relationships in the Lake Suzy community.

In addition to expanding its pool cleaning in Lake Suzy, FL, Howard?s Pool World emphasized its commitment to community involvement. The company actively supports local initiatives and partners with area businesses to strengthen its presence in Charlotte County. Leadership described this community engagement as an important part of the company?s values and long-term strategy.

The launch of pool cleaning in Lake Suzy, FL, marks a significant milestone for Howard?s Pool World as it continues to expand its service footprint. The company stated that future plans include further investment in technician training and updated service offerings to remain at the forefront of the pool care industry.

With its expansion into Lake Suzy, Howard?s Pool World aims to ensure that more residents can experience the benefits of professional pool care, from enhanced water safety to greater convenience in day-to-day pool ownership. The company?s leadership noted that this expansion reflects a long-term commitment to growth, quality service, and support for local communities.

Howard?s Pool World provides cleaning, repair, and pool maintenance services across Charlotte County, with expanded offerings now including pool cleaning in Lake Suzy, FL. With a focus on reliability, quality, and customer satisfaction, the company delivers solutions that keep pools clean, safe, and enjoyable year-round.
