

Clever Carpets & Flooring LTD Expands Mobile Showroom Service to Tring Market Town

September 17, 2025

Watford, UK - September 17, 2025 -
Clever Carpets & Flooring LTD has announced the expansion of its mobile showroom service to Tring, the historic market town in Hertfordshire, bringing comprehensive flooring solutions directly to residential and commercial customers throughout the area.

The London-based flooring specialist now serves Tring and its surrounding areas including Aldbury, Dunsley, Dundale, Grove, New Mill, Tring Town Centre, West Leith, and Wilstone. The expansion addresses growing demand for convenient, professional flooring services in the Hertfordshire market town, where property owners increasingly seek expert guidance without the need to visit traditional showrooms.

Clever Carpets Flooring Tring offers a complete range of flooring options including carpet, luxury vinyl tile, vinyl flooring, engineered wood, laminate, and safety flooring solutions. The mobile showroom brings samples directly to customers' properties, allowing them to view flooring options in their actual lighting conditions and alongside existing décor.

"Expanding our mobile showroom service to Tring represents a natural progression for our business as we

continue to meet customer demand for convenient, professional flooring solutions," said Daniel Romani, Managing Director of Clever Carpets & Flooring LTD. "Property owners in Tring can now access the same comprehensive range of top-brand flooring options and expert installation services that we provide throughout London and the Home Counties, all from the comfort of their own homes or offices."

The company's service model eliminates the traditional challenges associated with flooring selection and installation. Customers can schedule consultations at their convenience, receive expert guidance on flooring choices suited to their specific requirements, and benefit from next-day delivery options when rapid installation is needed.

Beyond residential properties, the expansion serves Tring's commercial sector with specialized solutions including safety flooring and wet room installations designed to meet regulatory requirements and withstand heavy foot traffic. The company's certified installation teams ensure all flooring meets manufacturer specifications and industry standards.

The comprehensive service includes initial consultation, professional measurement, supply of materials from leading UK manufacturers, expert fitting, and aftercare support. Additional services such as whipping and binding, flooring repair, and ongoing maintenance programs provide customers with complete flooring lifecycle management.

Clever Carpets & Flooring LTD maintains partnerships with leading flooring manufacturers across the United Kingdom, offering customers access to thousands of product ranges across various price points. The company's installation teams use manufacturer-recommended cutting tools and techniques to ensure professional results and product warranty compliance.

Founded as a specialist flooring provider, Clever Carpets & Flooring LTD has built its reputation on combining traditional craftsmanship with modern convenience. The company employs experienced fitters who guarantee their work and provide comprehensive installation services for both domestic and commercial properties. The mobile showroom concept, developed in response to changing customer preferences, has proven particularly successful in areas where customers value personalized service and expert guidance in their flooring decisions.
