Sandy Utah Window Treatments Company Expands Services with Grand Opening

September 15, 2025

Sandy, Utah - September 15, 2025 -
Bloomin' Blinds of Sandy, UT has announced the opening of its new franchise location, bringing professional window treatment services to Sandy and surrounding Utah communities. The family-owned business specializes in custom window blinds, shutters, and shades, offering solutions from consultation through installation.

The new franchise location marks an expansion of the Bloomin' Blinds network, where the company is now servicing Sandy, UT for Window Treatments. The business serves multiple Utah communities including Saratoga Springs, Alpine, Draper, Pleasant Grove, Lehi, and American Fork, providing residents with access to custom window solutions and professional installation services.

"Opening our Sandy franchise represents an exciting opportunity to serve homeowners throughout this vibrant Utah community," said Augustin Oros, franchise owner of Bloomin' Blinds of Sandy. "We bring the showroom directly to our customers' homes, allowing them to see exactly how different window treatments will look and function in their actual living spaces. This personalized approach ensures each customer receives the perfect solution for their specific needs."

Bloomin' Blinds of Sandy offers a mobile showroom service for customers. The company's representatives bring samples directly to their homes for free consultations, providing pricing options and estimates at no charge. The company hopes this approach will allow customers to make informed decisions in the comfort of their own homes while seeing how various options complement their existing décor.

Bloomin? Blinds of Sandy, UT offers a comprehensive range of services including custom window treatments designed for windows of any size or shape, motorization and smart home integration options, and on-site repair services for existing window blinds, shutters, and shades. All products come with a limited lifetime warranty for the original purchaser, that covers warping, discoloration, manufacturer material defects, and installation issues.

"Modern homeowners are looking for window treatments that combine style, functionality, and energy efficiency," added Oros. "Our custom window solutions are tailored to meet these needs while providing optimal light control and privacy. Whether someone needs motorized blinds for hard-to-reach windows or smart home integration for automated scheduling, we have the expertise and products to deliver."

Bloomin? Blinds of Sandy, UT maintains an active social media presence showcasing recent projects and window treatment trends. Oros added, "Customers who want to learn more about us and our latest updates should check out our Facebook Page."

Bloomin' Blinds of Sandy operates as part of the larger Bloomin' Blinds franchise network, which has established a reputation for quality window treatment solutions across multiple markets. The Sandy location continues this tradition by offering the same commitment to quality, professional installation of custom window blinds, shutters, shades, and draperies, as well as excellent customer service that has defined the brand. The warranty program ensures that all installations are protected, with repairs serviced at customer locations whenever possible at no additional cost.

Customers interested in learning more about the company's window treatment services can visit the website of Bloomin' Blinds.
