

USA Cabinet Store Achieves 4.8-Star Trust Index Rating for Kitchen and Bathroom Remodeling Excellence

September 12, 2025

Chantilly, Virginia - September 12, 2025 -
USA Cabinet Store has achieved a 4.8-star Trust Index rating based on more than 896 customer reviews in 2025, marking a significant customer satisfaction milestone for the Northern Virginia-based kitchen and bathroom remodeling specialist. The achievement reflects consistently high service standards across the company's 14 showroom locations, with particular strength in the Northern Virginia market where housing activity continues to surge.

The Trust Index rating comes as Northern Virginia's housing market demonstrates robust growth, with August 2025 data from the Northern Virginia Association of Realtors showing total sales volume reaching $1.27 billion, a 5.9 percent increase, alongside 1,439 closed sales representing a 2.0 percent rise. This market momentum has created increased demand for professional remodeling services throughout Fairfax County and surrounding communities.

"Achieving this Trust Index rating validates our commitment to delivering exceptional kitchen remodeling and

bathroom renovation projects that transform homes and improve daily living," said Emin Halac, President of USA Cabinet Store. "With more than 850 satisfied customers contributing to our trust metrics, we've demonstrated that quality craftsmanship and attentive service remain paramount in the remodeling industry."

The company operates two flagship showrooms in Northern Virginia, strategically positioned to serve the region's growing renovation needs. The Chantilly location at 3857 B Dulles South Court and the Fairfax showroom at 2832 Dorr Avenue provide comprehensive design centers where homeowners can explore cabinet options, countertops, tiles, and fixtures while receiving professional consultation services.

Northern Virginia's housing market dynamics have created favorable conditions for renovation investments. With active listings increasing 36.4 percent year-over-year, homeowners are choosing to enhance their current properties through strategic upgrades. Ryan McLaughlin, CEO of the Northern Virginia Association of Realtors, noted that strong demand continues while the market adjusts to new rhythms, creating opportunities for home improvement investments.

USA Cabinet Store's service portfolio encompasses complete kitchen and bathroom remodeling projects, from initial design consultation through final installation. The company specializes in custom cabinet installations, premium countertop selections, and comprehensive space optimization solutions. Their approach addresses both functional requirements and aesthetic preferences, ensuring each project aligns with homeowner lifestyle needs.

The Trust Index achievement reflects consistent performance across multiple service categories, including bathroom remodeling projects that enhance well-being and kitchen transformations that improve family functionality. Customer feedback highlighted the company's problem-solving expertise in addressing outdated home elements and converting design concepts into completed renovations.

Founded in 2011, USA Cabinet Store has expanded its presence across multiple states while maintaining strong roots in Northern Virginia. The company serves communities throughout Fairfax County including Aldie, Alexandria, Ashburn, Burke, Centreville, Chantilly, Clifton, Fairfax, Falls Church, Herndon, McLean, Reston, Springfield, Sterling, Tysons Corner, and Vienna. Their comprehensive approach combines design expertise with construction capabilities, offering end-to-end project management that ensures quality outcomes for every renovation project.
