Beary Landscaping Reaffirms Commitment to Reliable Snow and Ice Removal Services

September 16, 2025

LOCKPORT, IL - September 16, 2025 -
Beary Landscaping, a leader in commercial and residential landscaping since 1985, is reinforcing its dedication to providing dependable snow and ice removal services for businesses and multi-family properties across Chicago and Northwestern Indiana. With winter weather presenting unique challenges for property owners, the company continues to expand its fleet, invest in professional training, and refine its winter weather response strategies to ensure properties remain safe, compliant, and accessible all season long.

For four decades, Beary Landscaping has built its reputation on delivering reliable, high-quality outdoor solutions, and its snow and ice removal services are no exception. Property owners and managers rely on the company?s around-the-clock, 24-hour dispatched fleet to clear snow from parking lots, driveways, sidewalks, and walkways promptly and thoroughly. With zero-tolerance snow management options available, Beary Landscaping also provides continuous monitoring, on-site equipment, and proactive ice control to keep high-traffic areas hazard-free at all times.

?Chicago winters can be harsh, and the risks of snow and ice accumulation extend beyond inconvenience?they can impact safety, accessibility, and liability,? said a spokesperson for Beary

Landscaping. ?Our snow and ice removal services are designed to give property owners peace of mind by ensuring their spaces remain safe and fully operational, no matter how unpredictable the weather becomes.?

The company?s services extend beyond plowing and salting. Beary Landscaping also offers hand shoveling and de-icing for pedestrian areas, hauling excess snow from properties with limited storage, and providing real-time weather reporting so property managers can prepare in advance for incoming storms. For properties with specific needs, services are fully customizable, including environmentally friendly de-icing agents and prioritization of high-traffic or high-risk areas.

Beary Landscaping?s approach to snow and ice management is built on the same principles that have made the company a trusted name in landscaping for 40 years: quality, integrity, and a focus on building lasting relationships with clients. With over 500 employees and a dedicated winter operations team, the company combines its scale with personalized service to deliver tailored solutions that meet each property?s unique demands. Its commitment to proactive planning and open communication ensures that clients are never left guessing when winter weather strikes.

By partnering with Beary Landscaping, property owners and managers can avoid common winter hazards, such as slip-and-fall injuries, property damage, and fines related to noncompliance with local snow removal ordinances. Timely service not only enhances safety and protects property but also preserves curb appeal throughout the winter months, helping businesses and residential communities maintain a professional appearance despite challenging conditions.

Beary Landscaping?s winter services reflect the company?s broader mission: to provide exceptional, dependable outdoor solutions that support the safety, beauty, and functionality of every property it serves. With its deep roots in the region and decades of experience navigating Chicago?s unpredictable winters, Beary Landscaping continues to stand out as a trusted partner for snow and ice removal.

This ongoing commitment also includes investments in state-of-the-art snow removal equipment and continual staff training, ensuring that every job is completed quickly, safely, and with precision. Beary Landscaping?s proactive approach helps businesses avoid costly disruptions while protecting residents, customers, and employees during even the harshest winter storms.

Property owners and managers in Chicago and Northwestern Indiana can learn more about Beary Landscaping?s snow and ice removal services or schedule a consultation by calling (815) 838-4100 or visiting bearylandscaping.com.
