

Rigert Treppenlifte AG Enhances Stairlift Installation Services Across Switzerland

October 01, 2025

Küssnacht am Rigi, SZ - October 01, 2025 -
Rigert Treppenlifte AG, a leading Swiss mobility solutions provider with over 60 years of experience, announces enhanced stairlift installation services across all three linguistic regions of Switzerland as the company strengthens its commitment to accessibility solutions for seniors and individuals with mobility challenges.

The company, which has been serving Swiss communities since 1962, has expanded its technical capabilities and service coverage to meet growing demand for home accessibility modifications. With branches operating in German, French, and Italian-speaking regions, Rigert Treppenlifte AG now offers comprehensive mobility solutions, including stairlifts, platform lifts, wheelchair lifts, and stair crawlers throughout the nation.

As Switzerland's population continues to age, the company recognizes the critical importance of enabling people to remain safely in their homes. The company's enhanced installation services reflect decades of

expertise in creating customized mobility solutions that preserve independence and improve the quality of life for thousands of Swiss residents.

The company has established partnerships with healthcare facilities and senior living communities throughout Switzerland, providing institutional-grade mobility solutions alongside residential services. These collaborations have positioned Rigert Treppenlifte AG as a trusted partner in creating barrier-free environments across diverse settings. Additional information about the company can be found at https://pressadvantage.com/organization/rigert-treppenlifte-ag.

The company's expanded services come at a time when accessibility needs are increasingly recognized as essential for maintaining independence. Industry data indicates that properly installed mobility equipment can significantly reduce fall risks and enable individuals to navigate multi-level homes safely. Rigert Treppenlifte AG's team of certified technicians provides personalized consultations, detailed project planning, and professional installation services tailored to each client's specific requirements and home configuration.

As part of the Garaventa Group, Rigert Treppenlifte AG maintains strict quality standards and employs advanced engineering techniques to ensure reliable, long-lasting installations. The company's solutions accommodate various architectural challenges, including narrow staircases, outdoor installations, and complex multi-story configurations. Each installation undergoes rigorous testing to meet Swiss safety regulations and industry standards.

Rigert Treppenlifte AG's commitment to customer service extends beyond installation, with the company maintaining what it describes as the industry's largest customer service network in Switzerland. This infrastructure ensures prompt maintenance and support services, contributing to the company's 4.7-star rating based on customer reviews. Clients consistently praise the company's competent consultation process, detailed quotations, and professional installation teams. More details about services and locations are available at https://rigert-treppenlifte-kuesnacht.localo.site.

Rigert Treppenlifte AG specializes in mobility solutions, including stairlifts, platform lifts, and wheelchair lifts for both private residences and public facilities throughout Switzerland. Founded in 1962 and operating as part of the Garaventa Group, the company maintains branches across German, French, and Italian-speaking regions, providing consultation, planning, installation, and ongoing maintenance services.
