

AISOL CH LLC Strengthens Alumni Support Network with New Coordinator Role

October 27, 2025

CHERRY HILL, NJ - October 27, 2025 -
All In Solutions Counseling Center Cherry Hill has appointed a dedicated Alumni Coordinator position to enhance peer support services and community engagement for graduates of its addiction treatment programs. The new role represents a strategic investment in long-term recovery support, focusing on organizing alumni events, facilitating peer mentorship opportunities, and maintaining connections between program graduates and treatment staff.

The Alumni Coordinator position was created to address the critical need for sustained support after clients complete their initial treatment programs. Research consistently shows that individuals in recovery benefit significantly from ongoing peer connections and structured support systems. The coordinator will oversee the development of workshops, social gatherings, and mentorship programs designed to strengthen the recovery community.

"Launching our Alumni Coordinator role underscores our belief that recovery deepens when supported by

peers who've walked the path?and we're proud to cultivate that community," said Matthew Amato, Chief Strategy Officer.

All In Solutions Counseling Center Cherry Hill recognizes that recovery extends far beyond the completion of formal treatment programs. The Alumni Coordinator will work directly with program graduates to identify their ongoing needs, facilitate connections with appropriate resources, and create opportunities for alumni to support newer members of the recovery community. This peer-to-peer support model has proven effective in maintaining long-term sobriety and reducing relapse rates.

The coordinator will organize regular All In Solutions Counseling Center Cherry Hill alumni events, including recreational activities, educational workshops, and community service opportunities. These gatherings provide safe, substance-free environments where individuals can build friendships, practice social skills, and celebrate recovery milestones together. Recent activities have included outings to local attractions and group participation in community wellness initiatives.

Dennis Ryan, CEO, emphasized the importance of maintaining connections after treatment completion. "Our alumni represent a powerful resource for those currently in treatment and those transitioning back to their communities. The Alumni Coordinator role allows us to formalize these connections and ensure no one faces recovery alone."

The All In Solutions Counseling Center Cherry Hill alumni program includes various components designed to support different aspects of recovery. Monthly meetings provide opportunities for sharing experiences and challenges, while specialized workshops address topics such as stress management, career development, and relationship building. The program also facilitates volunteer opportunities that allow alumni to give back to their communities while strengthening their own recovery.

This investment in alumni infrastructure demonstrates the organization's commitment to comprehensive, long-term recovery support. By creating a dedicated position focused solely on alumni engagement, the center acknowledges that successful recovery requires ongoing attention and resources well after initial treatment ends.

The All In Solutions organization as a whole operates a Joint Commission-accredited addiction treatment center offering comprehensive services including medical detox, residential treatment, partial hospitalization programs, intensive outpatient programs, and specialized therapies. The facility provides evidence-based treatment for various substance use disorders, incorporating individual therapy, family programs, trauma-focused care, and medication-assisted treatment options. The center has provided high-standard

addiction treatment services for over a decade, serving clients from throughout New Jersey and neighboring states.
