

Holloway Removals & Storage Celebrates Growth from One-Man Operation to a Fleet of Trusted Removalists

September 30, 2025

SYDNEY, NSW - September 30, 2025 - PRESSADVANTAGE -

Holloway Removals & Storage, which began as a single van operation in Bondi in 2012, has evolved into a large moving and storage company, now operating with more than 40 vehicles and 100 team members serving customers nationwide.

The company's transformation from founder Andy Holloway's modest beginnings moving band equipment around Sydney to becoming trusted removalists demonstrates the power of dedication and customer-focused service. Today, the company provides comprehensive moving and storage solutions across Sydney, Melbourne, and Brisbane, while also offering interstate relocations to Canberra, Adelaide, Perth, and Hobart.

Andy Holloway started the business in 2012 with just one van, primarily transporting speakers, drum kits, and band equipment around the Bondi area. The founder recalls the early days with humor, noting that he owned three sets of the same uniform that he wore on rotation every day while working extensive hours to establish the business. By 2013, the operation had expanded from a one-person venture to Holloway Removals with eight trucks and storage services. The company secured its first warehouse in Perry Street, Matraville in 2014, and by 2015 had doubled its fleet to more than 40 trucks.

The expansion continued with the company establishing operations in Melbourne in 2019 and Brisbane in 2024. This growth has enabled Holloway Removals to serve thousands of customers across Australia with both residential and business relocation services. The company has earned accreditation from the Australian Furniture Removers Association (AFRA), reflecting its commitment to professional standards and ethical conduct.

As removalists that care, the company attributes its success to its dedicated team members who provide services ranging from basic moving to specialized handling of arts and antiques. The company culture emphasizes the importance of its people, recently demonstrated during an R U OK Day celebration where staff gathered for what the company called BrunchBeats, featuring healthy food and music from in-house DJs.

"We are so happy that Andy gave us the opportunity to organise a concept where we use the in-house talent of the staff and also enjoy with our co-workers," said Aditya Sharma, speaking about the recent team event that highlighted the company's commitment to employee wellbeing.

The company's service portfolio has expanded significantly from its early days, now encompassing local removals, interstate relocations, office moves, business relocations, warehouse transfers, and secure storage solutions. Additional services include professional packing and unpacking, insurance options, and specialized handling for oversized or high-value items.

For those interested in joining the growing team, opportunities to work for Holloway include positions ranging from truck drivers and forklift operators to sales representatives and operations managers across their Sydney, Melbourne, and Brisbane locations.

Holloway Removals & Storage maintains storage facilities in Sydney, Melbourne, and Brisbane, offering both short-term and long-term solutions for residential and commercial clients. The company has achieved a 4.8-star rating from more than 5,527 customer reviews across Google, Product Review, and Facebook platforms.
