

USA Cabinet Store Expands Kitchen Remodeling Services

September 25, 2025

FAIRFAX, VA - September 25, 2025 - PRESSADVANTAGE -

USA Cabinet Store announced today the expansion of its design consultation services specifically for McLean, Virginia homeowners, responding to increased demand in the high-end residential market where median home prices have reached approximately \$1.8 million as of July 2025.

The Fairfax-based kitchen and bath specialist will extend its in-home and virtual design consultation coverage to better serve McLean residents seeking kitchen remodeling and bathroom transformation services. This expansion comes as Northern Virginia's real estate market continues to show strength, with August 2025 recording 1,439 closed sales and approximately \$1.27 billion in sold dollar volume across the region.

"McLean homeowners are investing significantly in their properties, and we're seeing increased interest in comprehensive kitchen renovation projects that enhance both functionality and value," said Emin Halac, President of USA Cabinet Store. "Our expanded consultation capacity allows us to provide more personalized service to this growing market while maintaining the quality and attention to detail our clients expect."

The company's Fairfax showroom will serve as the hub for the expanded McLean service area, offering customers access to extensive product displays and professional design consultations. USA Cabinet Store specializes in complete kitchen remodel projects, from initial design concepts through final installation, including custom cabinetry, countertops, and coordinated fixtures.

Since its founding in 2011, USA Cabinet Store has established 14 showroom locations across multiple states and has served more than 1,000 customers. The company maintains an approximately 4.8-star TrustIndex aggregate rating as of September 2025, with over 900 customers contributing to its reputation index.

The expansion addresses growing demand for professional remodeling services in McLean, where homes typically sell within 63 days and property values have increased approximately 9.3 percent year-over-year. This market momentum has created opportunities for homeowners to invest in significant home improvements, particularly in kitchens and bathrooms.

USA Cabinet Store offers comprehensive services including bathroom remodeling, custom cabinetry solutions, and complete project management. The company provides a wide selection of kitchen cabinets in various styles and finishes, bathroom vanities designed for optimal storage, and premium countertops in materials such as granite, marble, and quartz. Additional products include tiles, sinks, faucets, and hardware from leading manufacturers.

The company's design team assists clients through every phase of their remodeling projects, from space planning and material selection to construction oversight and final installation. This end-to-end approach ensures consistent quality and coordinated design elements throughout each project.

Based in Fairfax, Virginia, USA Cabinet Store operates showrooms in Virginia, Maryland, North Carolina, Texas, New Jersey, Missouri, Florida, and Tennessee. The company specializes in kitchen renovation and bathroom remodeling services, offering both pre-made and custom cabinet solutions along with comprehensive design and installation services.
