Access Interiors Announces Enhanced Office Refurb Services for Cambridgeshire Businesses

November 05, 2025

Cambridge, CB - November 05, 2025 -
Access Interiors Ltd has announced an expansion of its comprehensive office refurbishment services to better serve businesses throughout Cambridgeshire, addressing the growing demand for modern workspace transformations in the region.

The Cambridge and Ely-based commercial project management company, established in 1994, has enhanced its service offerings to include sustainable refurbishment options and advanced space planning solutions. These developments come as businesses across Cambridgeshire increasingly seek to modernize their workspaces to improve productivity and employee satisfaction.

Access Interiors Office Refurb Cambridgeshire services now encompass a complete range of solutions from minor interior fit-outs to extensive commercial projects. The company specializes in office design, space planning, relocations, move management, and commercial interiors project management, serving areas throughout East Cambridgeshire, Fenland, Huntingdonshire, and South Cambridgeshire.

"Businesses in Cambridgeshire are recognizing that thoughtfully designed workspaces directly impact

employee productivity and company culture," said Martin Dawson, Director of Operations at Access Interiors. "Our expanded services address not just the aesthetic aspects of office refurbishment but also functionality, sustainability, and future growth considerations. We work closely with each client to understand their unique needs and deliver solutions that align with both their performance specifications and budget."

The company's sustainable refurbishment initiative represents a significant focus area, incorporating eco-friendly construction methods and sustainable materials. These eco-conscious refurbishing options include energy-efficient upgrades and carbon-neutral refurbishment solutions designed to minimize environmental impact while maximizing workplace efficiency.

Access Interiors provides a structured approach to office refurbishment projects, beginning with comprehensive needs assessment and space evaluation. The process continues through tailored planning, design proposals, budget alignment, and logistics management, ensuring minimal disruption to ongoing business operations. Quality checks and continuous communication throughout the project lifecycle ensure successful outcomes.

The expanded services include office partition systems, suspended ceilings, commercial flooring installation, mezzanine floors, commercial electrical installation, and commercial air conditioning systems. The company also offers specialized services such as office dilapidations, helping businesses restore properties to original condition at lease end.

Beyond physical refurbishment, Access Interiors emphasizes the strategic importance of effective space planning. The company's space planning services optimize office layouts to enhance workflow, improve communication pathways, and accommodate future growth. These considerations prove particularly valuable for businesses in Cambridgeshire's diverse economy, which spans technology, research, agriculture, and traditional industries.

The company serves businesses across Cambridgeshire including Cambridge, Ely, Huntingdon, St Ives, St Neots, March, Wisbech, and numerous other communities. Additionally, Access Interiors extends its services to neighboring counties including Norfolk, Hertfordshire, Bedfordshire, and Lincolnshire.

Access Interiors Ltd continues to build on nearly three decades of experience in commercial project management and office design. The company maintains offices in both Cambridge and Ely, positioning it to efficiently serve the entire Cambridgeshire region and beyond. Its commitment to quality service and workmanship has resulted in a high percentage of repeat business from satisfied clients across various industries.
